

WEATHER FORECAST
Fair and continued cool tonight. High today 71-76, low tonight in 50s. Wednesday fair and a little warmer.

GOOD EVENING
It's hard to settle down when you return from vacation . . . not to mention settle up.

**DR. KEEFAUVER
CITES NEED FOR
SCHOOL ROOMS**

Dr. Lloyd C. Keefauver, Gettysburg superintendent of schools, Monday evening told the Gettysburg Joint School System executive committee that "I hate to say this, but we better begin thinking about building more school rooms."

Reporting on the opening of school this year, Dr. Keefauver said, "We had more youngsters at Keefauver Elementary School than we expected and so we had to use the room we had planned to use for special education for a class room. Now all 20 of the rooms there are in use. It looks very much like we may need some extra rooms next year or the year after that. We have only three grades under the 200-pupil mark now, and the birth rate does not seem to be declining. It's not a matter on which we need to take action tonight, but it is something we must think about."

John O'Brien, driver education teacher at the high school, was authorized by the board committee to put into effect traffic regulations at the high school and Keefauver School and to paint such lines and parking spaces and lanes as may be needed to handle the problem. Twenty-six buses use the area daily in addition to about 40 bicycles and a large number of autos.

Presents Plan

O'Brien outlined a proposed plan which he said had been worked out in consultation with the bus drivers, and school officials. It provides for "one-way" traffic on some of the roads near the school, designates special places for buses to park, another spot for parking "bikes" and sets aside a lane on which pedestrians may walk.

Recommendations of the property committee in connection with a number of bids were adopted. The Blue Ridge Oil Co., Gettysburg, will furnish No. 4 oil to the high school building at 9.5c per gallon. The only other bid, from Aero Oil Co., New Oxford, was 9.65c per gallon. The bid for bituminous coal at Lincoln School was awarded to John P. Koonitz, Hanover, at \$9 per ton.

Keystone Coal Sales Co., Harrisburg, had bid \$8.74 a ton but Kenneth Reinhardt, secretary of the board, explained that the property committee held it was unsatisfactory to arrange for coal deliveries at such a distance and that coal provided by that company was not of the same quality as would be furnished by Koonitz.

Approval was given to purchase janitor equipment for the Keefauver school including a floor maintainer from A. J. Lehman and Sons, Harrisburg, for \$253; a vacuum cleaner from Bond Sanitary Products, York, for \$208.45, a number of waste baskets from George M. Zerling, Gettysburg, for \$71.49 and other waste receptacles and towel urns from A. J. Lehman and Sons, Harrisburg, for \$156.

Other Equipment

Platform equipment contracts for Keefauver school went to Pittsburgh Stage, Inc., Pittsburgh, for \$1,120; M. L. Wehler, York, bid, \$1,366.30 and I. Weiss and Sons, New York, \$1,601. The contract for cafeteria (Continued on Page 3)

**GIRL SCOUTS
NAME OFFICERS**

Mary Hewetson, Gettysburg R. D., was elected president of Senior Girl Scout Troop No. 4 Monday afternoon when the new troop met for the first time at the County Girl Scout office in the First National Bank Building and decided to operate on the club plan of government, electing officers every six months.

Deborah McCullough was named secretary and Susan Robertson, treasurer. The meeting was opened with a flag ceremony conducted by Evelyn Gaston, with Marilyn Culp and Louise Collins as flagbearers and Susan Robertson and Mary Hewetson, color guard.

The members were asked to meet at the Girl Scout office Wednesday evening at 6 o'clock to assist in work on the Girl Scout campsite near Fairfield.

Plans were made for a bicycle ride Monday evening. The scouts will meet at the high school at 5:30 o'clock. In event of inclement weather the troop will meet at the scout office at 6:30 p.m.

Mrs. Harold Culp is troop leader assisted by Mrs. Jeannette Collins and Mrs. Frank Hewetson.

MARINE ON LEAVE

Pvt. Donald E. Dick, U. S. Marine Corps, son of Mr. and Mrs. Charles F. Dick, E. Middle St., is spending a 10-day leave here. He recently completed 12 weeks of basic training at the Marine Base at Parris Island, S. C. Dick is a graduate of Delone Catholic High School, McSherrystown.

**Chorale To Sing
Here December 2**

The Robert Shaw Chorale and orchestra will be presented December 2 by the Gettysburg Concert Association. It was announced Monday evening at a meeting of the board of directors at the Hotel Gettysburg. Dr. Jacob W. Helkinnen, president of the association, presided. 15 members were in attendance.

Mrs. Herbert H. Schmidt, campaign chairman, announced that the membership drive will start with a workers' dinner at the Hotel Gettysburg September 26 at 6:30 p.m. Campaign headquarters will be in the hotel lobby.

**YW WORKSHOP
IS CONDUCTED
MONDAY NIGHT**

A Committee Workshop was held Monday evening at the YWCA by 45 committee members and chairmen. Before breaking up into "buzz groups," the women were welcomed by Mrs. Frank H. Kramer, president of the Y board of directors. Devotions were led by Mrs. Louise Stanton. Mrs. Conway S. Williams, executive secretary of the Y, said the workshop is held to outline the year's program.

At 9 o'clock the board members met. Reports were made by the treasurer, Mrs. Edwin Johnson, and the finance secretary, Mrs. Clark S. Smith.

Mrs. Luther McDonnell, personnel chairman, announced the resignation of Miss Anna Grimm, part-time office secretary, who has accepted a full-time position at the Gettysburg College library. Appreciation was expressed for Miss Grimm's services and for those of Miss Anne Gilliland, who served on the board as membership chairman for several years. Her resignation becomes effective September 1.

Future Events

The public affairs committee, under the joint chairmanship of Mrs. J. A. Blackburn and Mrs. John S. Rice, will meet monthly. The sessions are open to interested persons. "The United Nations" is the topic of the October meeting.

Mrs. Robert Fortenbaugh, program chairman, announced the following special events for the year: October 9-15, Y-Teen Roll Call Week, with special programs planned for members and a welcome for new Y-Teens from 12 through 17 years of age; YWCA membership meeting, last of October; November 13, trip to Washington, D. C., and the World Fellowship Conference.

**Schools Continue
D.S.T. If Convenient**

The Gettysburg joint school committee at a meeting Monday evening in the high school here "reluctantly" extended daylight saving time for the schools through October 30 "provided the rest of the town is on daylight time for that period."

Members of the joint committee made it plain in their discussion that they did not "favor" an extension of daylight time but held that "if we don't go along and everybody else is on daylight time, it will cause too much confusion."

**Schwartzes Are Accused In
Sudden Death Of Heiress;
Mother Is Unfit To Testify**

PHILADELPHIA (P)—A man and his wife in whose apartment Mrs. Doris Jean Silver Oestreicher died have been charged with performing the abortion, which resulted in the death of the 22-year-old heiress. Mr. and Mrs. Milton Schwartz, arrested last night, were accused of conspiring with the dead girl's mother to commit the crime of perjury at the inquest which determined Mrs. Oestreicher's death "a homicide." They also were accused of being accessories before the fact of a criminal operation.

PHILADELPHIA (P)—The district attorney's office last night arrested the couple in whose apartment Mrs. Doris Jean Oestreicher died and accused them of criminal abortion.

Dist. Atty. Samuel Dash swore out warrants against Milton Schwartz and his wife Rosaline charging them with committing abortion resulting in the death of the Food Fair Stores heiress, and with conspiracy and perjury.

The Schwartzes were picked up at the West Philadelphia home of relatives and hustled off to City Hall for questioning.

Released On Bail
They declined to answer any questions pending consultation with their attorney William A. Gray. Schwartz would only state his age—48.

The Schwartzes were released on bail of \$5,000 each, to appear at a hearing Thursday before Magistrate Elias Myers.

They will appear in the same small courtroom where Mrs. Gertrude Silver yesterday afternoon was found not competent to face charges of being an accessory to the death of her daughter.

Mrs. Silver was freed on \$1,500 (Continued on Page 6)

Court-appointed doctors said she was in no condition to stand a hearing and recommended immediate psychiatric aid. (AP Wirephoto)

**DAC DISCUSSES
COMMUNISM IN
UNITED STATES**

A question and answer program on communism was presented Monday evening at a meeting of the Manor of Maske Chapter, DAC, at the home of Mrs. Florence Gentzler, East Berlin. The topic "Where Do We Stand Today With Communism in the United States?" was taken from the American Legion magazine. The questions were answered in the pamphlet by J. Edgar Hoover, director of the Federal Bureau of Investigation, Washington.

Officers installed were: Mrs. Roy E. Zinn, chaplain; Mrs. Elizabeth S. Hennig, librarian, and Miss Garce Sachs, second regent.

A "Colonial Christmas" program will be held December 12 at the Methodist Church in the form of a covered dish candlelight supper. At the March 12 meeting yearly reports will be submitted followed by a talk by W. W. Eisenhart. A covered dish supper will be held June 11 at Christ Lutheran Church, Littlestown, at which time the pastor will tell the history of the church. The programs were announced by Miss Sachs.

Approve Budget
The ways and means committee reported on its tentative plans and the budget was approved. A report was given on the national assembly held in Washington several months ago. The delegates were Miss Elsie Eisenhart, Miss Betty Diehl, Miss Margaret McMillan and Mrs. William Gross.

Miss Eisenhart, regent, who presided, announced that the state assembly will be held at the Penn-Harris Hotel, Harrisburg, October 31, November 1 and 2. Mrs. Guile W. Lefever, secretary, gave a report. Mrs. Hennig announced that she has received the tenth lineage book which will be placed on record with the Adams County Historical Society.

Mrs. Zinn opened the session with a prayer. The object of the society was read and the pledge of allegiance given.

Hostesses were: Mrs. Gentzler, Miss Beulah Wentz, Miss Alice Black, Miss Anna Black, Mrs. Charles Drum, Mrs. Victor Dutera, Mrs. John T. Huddle and Miss Diehl.

**SEVEN SCOUTS
ARE ADVANCED**

Seven Boy Scouts passed examination for Star and Life awards at a Board of Review held Monday evening in the office of the Black Walnut Boy Scout District Chairman, Attorney Eugene R. Hartman, Baltimore St.

The scouts and the award for which they qualified were: Philip J. Smith, Post 13, Life; G. Robert Zhea, Post 13, Star; Robert O. Burkhardt, Troop 11, Star; Frank H. Skidmore, Post 13, Life; Patrick H. Roth, Troop 13, Star; Larry G. Fair and Barry W. Fair, both of Post 13, Star.

The boys will receive the awards at courts of honor held by their own units. Attorney Hartman, Dr. Joseph H. Riley and Attorney Edward B. Bulleit constituted the board of review.

In anticipation of the meeting of the District Committee this evening at his office, Attorney Hartman announced that 87 have signed so far for the Boy Scout trip to Washington this month. All representatives must be in by the close of the district meeting tonight.

**LEGION HEARS
STATE OFFICERS
ON MEMBERSHIP**

Daniel W. Shaup, adjutant, and Al Vigiano, membership director of the American Legion, Pennsylvania Department, outlined Legion activities on a state and national level at the September meeting of the Albert J. Lentz Post, Monday evening, at the post home, Baltimore St.

Pennsylvania membership goals this year, they said, were 100,000 by November 11 and another 100,000 by December 31.

A report on the activities of the Honor Guard of the local Legion post, prepared by Eugene S. Sickles, was read. The report showed that the honor guard has 39 members, took part in four parades, served as an escort party for President Eisenhower, took part in a civic ceremony other than a parade, participated in eight American Legion military funerals, and six Legion-VFW military funerals. Two outdoor drills and ten indoor drills were held. The members provided 642 "man-hours" of service to the post during the year. Sickles' report showed. His report expressed the appreciation of the Honor Guard to retiring Commander Glenn L. Harner, the officers and directors and members of the Legion, and offered the services of Sickles and Billy Shealer, heads of the guard, to incoming commander Richard Fox, "in any capacity as may be designated by him."

Installation Set

October 3 was set as the date for the installation of the new officers of the post headed by Commander Fox. The new officers will be installed by the new post commander's brother, Paul B. Fox, w. American Legion.

Adjutant William T. Timmins Jr. reporting on the recent state convention of the American Legion said John F. Say has been named as the new department commander and Joseph P. Gauvenonis, Pittsburgh, as the new central district vice commander.

Sixteen new members were accepted into the post, bringing to 35 the number of members listed for 1956, the new year for membership having begun this past week.

Members Elected

Members elected Monday were Edwin Hibbert Jr., Bonneauville; Richard L. Unger, 37 Barlow St.; William Francis Cole, Orrtanna R. 1; Richard Charles Trimmer, 322 York St.; Victor Vincent Re, Gettysburg R. 3; Harold D. Hankey, 5 Wall St.; Albert L. Wolford, Jersey City, N. **SORORITY TO
HOLD DINNER**

Plans for a public spaghetti and meat ball dinner and food sale to be held September 24 at the cafeteria in the Xavier school basement, were outlined Monday evening at the meeting of the Exempla chapter of Beta Sigma Phi sorority at the Adams Electric Co-operative building, rear of N. Stratton St.

The meeting was held in the form of a covered-dish supper followed by a business session. Miss Helen Spangler, president, appointed Miss Mary Kay Baughman and Mrs. Florence Dietz as co-chairmen for the public supper and food sale. Others named to the committee were Doris Ellis, Mary Heimelzeman, Phyllis Culp, Ruth Joseph and Grace Myers.

Plans were outlined to provide clothing for a needy local family. It was announced that some infant's clothes have already been furnished the family by the sorority.

Mrs. Dietz conducted a program on "Conversation." The next meeting of the unit will be held September 26.

**Named Acting Dean
Of College Women**

Mrs. Lester O. Johnson, 309 N. **Countian Faces 3
Charges; Is Jailed**

Willis Bierly, Fairfield R. D., was in jail today seeking \$1,000 bail after two additional charges were placed against him following a hearing before Justice of the Peace John H. Basehore Monday evening on a disorderly conduct charge.

The original charge was brought by borough police. He was directed to pay a fine and costs on that charge following the hearing and then charges of surety of the peace and malicious mischief against him were read. With \$1,000 bail placed on the latter two charges, Bierly was returned to jail until he could obtain the bail.

**OPEN GARDNERS
CANNING PLANT
ON WEDNESDAY**

The C. H. Musselman Company's first major apple canning operation in the county will get under way Wednesday when the Gardners plant, under the direction of D. A. Bosserman superintendent, opens for the fall season. The plant, remodeled two years ago to process apple sauce as well as sliced apples, will operate to full capacity on sauce.

Apple buyers announced today that the plant's receiving department will be open for delivery of all varieties suitable for processing at this time and that all apples will again be purchased under Federal-State inspection. Blending of varieties for apple sauce is done according to a proportioning schedule supervised by the company's control department.

Inwood Opens Monday

The Musselman Company's Inwood, West Virginia, sauce plant started production on Monday and is now operating two shifts at full capacity. Opening date for the Biglerville plant, production center for sliced apples, apple pie filling and apple butter, has not been announced but an early date is anticipated.

Again operating with local help only, the Musselman plants will provide employment for approximately 800 additional workers in the county during the fall canning season. It is expected that the annual employment peak in the county will be reached by October when all the canneries are in operation and apple harvesting in the orchards is in full swing.

**3 ENROLLED IN
FIRE AUXILIARY**

Mrs. Henry Herring, Mrs. Robert Shealer and Mrs. John Kerrigan were introduced as new members of the Gettysburg Fire Company Auxiliary Monday evening at a meeting in the fire engine house. Any woman who wishes to join the organization may notify Mrs. John Bollinger, R. 3, chairman of the membership committee.

Mrs. Richard Knox, vice president, presided, in the absence of Mrs. Francis Yingling. Plans were made to hold a rummage sale Saturday at the engine house starting at 7 a.m. Mrs. Donald McSherry, chairman, will gather sale donations, upon request. It was announced that the organization will enter the local Halloween parade. Mrs. Harold Heiges won the guss package. There were 35 members present.

Mrs. David Baker, chairman of the hostess committee, was assisted by Mrs. Paul Anzengruber. Mrs. Rose Anzengruber, Mrs. Raymond Bisbing and Mrs. Charles Bollinger.

**Sultan Mohammed B.M. Arafat
Defies France And Asserts
God Will Have To Oust Him**

PARIS (P)—Premier Edgar Faure's cabinet today named a four-man "hatchet committee" to depose Sultan Mohammed Ben Moulay Arafat as the first step in a reform program for Morocco.

PARIS (P)—The French government was believed taking steps today to ease Sultan Mohammed Ben Moulay Arafat off the Moroccan throne. The embattled ruler issued another statement saying God would have to remove him.

Premier Edgar Faure's plan for giving Morocco a measure of self-rule was approved unanimously by the French Cabinet last night. It reportedly calls for removal of Moulay Arafat and establishment of a three-man regency. A spokesman said the program would be put into effect immediately.

Morocco was generally quiet. Moderate nationalist leaders urged their followers to be patient, saying at least a partial victory was at hand. Terrorists had called for a general strike but response was slow.

The ouster of Moulay Arafat was the primary condition laid down by Moroccan nationalists for any settlement in the stormy North African protectorate. French officials gave no indication of how they expected to get the Sultan out of the palace in Rabat.

Shortly after the Cabinet agreement was announced, spokesmen for Moulay Arafat said in Rabat: "In these circumstances, His Majesty once more has solemnly affirmed his determination to remain on the throne until God decides otherwise."

Pierre July, minister for Tunisian and Moroccan affairs, announced the Cabinet approval after a five-hour meeting.

Despite the reported unanimous agreement, it was known the Faure proposals drew sharp criticism of right-wing ministers. Opponents anticipated possible trouble from conservative elements when the National Assembly reconvenes next month.

In addition to the removal of Moulay Arafat and the establishment of a regency, the Faure program provides for:

1. Appointment of a new Moroccan government, representing the main political movements in the protectorate.

**DR. GREVE TELLS
ROTARY OF PURE
FOOD ACTIVITY**

"There are unfortunately manufacturers who think no more of their customers than they do of the mice that get into the food they make," Dr. Elmer W. Greve, Harrisburg, resident inspector for the Central Pennsylvania area of the U. S. Food and Drug Administration, told members of Rotary at their meeting Monday night at the YWCA.

In describing the continuing fight of the Food and Drug Administration to "keep our nation's foods, cosmetics and drugs pure," he held, "In the fight to keep food and other products unadulterated, to keep manufacturers from mislabeling their products, to prevent use of poisons in all types of articles, the greatest support comes from the honest manufacturers such as you have in your county. They are interested in their customers, they want to give them honest products and our job is to help them keep their products pure, and to protect them, as well as the public, from the competition of the unscrupulous."

The first food and drug act was passed nationally in 1906. It was extended and major revisions made in 1938. "and each time and in between there has been major warfare to keep the laws intact and better them. The efforts of the opposition are worthy of a better cause."

Explains Operation

He outlined the manner in which the Food and Drug Administration, at the request of local and state authorities, steps in to examine foods, drugs and cosmetics that may have been reached by water in time of floods. "Even tin cans are dangerous because, once the water covers them they frequently develop tiny openings through which contaminated water reaches them."

Dr. James Oyler introduced Dr. Greve. President Philip M. Jones presided at the meeting with 56 present. H. Edgar Riegler introduced Albert Treher, Gettysburg High School senior, who will be guest of Rotary through September.

**DR. GREVE TELLS
ROTARY OF PURE
FOOD ACTIVITY**

"The Board of Directors of the Gettysburg Community Chest, meeting Monday evening at the engine house, set \$19,700 as the goal for this year's campaign scheduled to start September 30. The amount is \$2,700 higher than last year's \$17,000 quota.

The goal was established following a report of a committee headed by John W. Riddle, Baltimore St., which studied the budgets and needs of each of the organizations which receive support from the Community Chest.

Riddle's report showed continuing need of most organizations for the same amount as last year and that some organizations need more funds, if they are to continue to give the services they have given in the past.

Have No Balance

The directors said the Chest will be "compelled" to reach its goal this year, because there will be no carry-over from last year. Attorney John A. MacPhail, president, said "We will come out just about to the dollar this year. Every cent collected last fall will have been distributed, we don't expect to have enough left over for a postage stamp."

The \$19,700 goal contains a \$1,500 "contingency fund," which the Chest needs for proper operation. "It there had been any emergencies this year we could not have met them," MacPhail observed, "because we did not have the money. We must make our goal this year, because there is nothing left."

Five Groups Participate

For this year's operation the Chest allocated \$2,500 to the Boy Scouts, \$2,000 to the Girl Scouts, \$3,000 to the Adams County Free Library, \$6,000 to the Recreation Association, \$2,500 to the YWCA and \$1,000 for organizational and campaign expenses.

Those amounts, the board held, are "bedrock" figures, representing the lowest amounts on which the member organizations can operate for the coming year.

Some Need More Funds

Because last year's goal of \$17,000 was not secured, this year's allocation marks an increase of \$1,000 over the amount the Girl Scouts received last year, \$1,500 more than the YWCA received and \$200 more the library received. Because those organizations received less than they budgeted last year, it is imperative that we meet the goal of our drive this year, if the organizations are to continue to function effectively," MacPhail said.

Dean W. E. Tilberg asked inclusion of USO in the chest drive. The matter was tabled until the USO conducts its own drive to determine public response to its appeal.

John C. "Buck" Stahle, chairman of the campaign, outlined the organizational set up that will be used this year.

Carl A. Baum, chairman of the advertising committee, listed the types of promotional campaigns to be used.

MEET IN ENGINE HOUSE

The Gettysburg Fire Department will hold its September meeting in the engine house this evening at 7:30 o'clock and not at the CCC camp on Federal Ave., as previously planned. President Richard Cole announced today.

DR. KEEFAUVER CITES NEED FOR SCHOOL ROOMS

Dr. Lloyd C. Keefauver, Gettysburg superintendent of schools, Monday evening told the Gettysburg Joint School System executive committee that "I hate to say this, but we better begin thinking about building more school rooms."

Reporting on the opening of school this year, Dr. Keefauver said, "We had more youngsters at Keefauver Elementary School than we expected and so we had to use the room we had planned to use for special education for a class room. Now all 20 of the rooms there are in use. It looks very much like we may need some extra rooms next year or the year after that. We have only three grades under the 200-pupil mark now, and the birth rate does not seem to be declining. It's not a matter on which we need to take action tonight, but it is something we must think about."

John O'Brien, driver education teacher at the high school, was authorized by the board committee to put into effect traffic regulations at the high school and Keefauver School and to paint such lines and parking spaces and lanes as may be needed to handle the problem. Twenty-six buses use the area daily in addition to about 40 bicycles and a large number of autos.

Presents Plan
O'Brien outlined a proposed plan which he said had been worked out in consultation with the bus drivers, and school officials. It provides for "one-way" traffic on some of the roads near the school, designates special places for buses to park, another spot for parking "bikes" and sets aside a lane on which pedestrians may walk.

Recommendations of the property committee in connection with a number of bids were adopted. The Blue Ridge Oil Co., Gettysburg, will furnish No. 4 oil to the high school building at 9.6c per gallon. The only other bid, from Aero Oil Co., New Oxford, was 9.5c per gallon. The bid for bituminous coal at Lincoln School was awarded to John P. Koontz, Hanover, at \$9 per ton.

Keystone Coal Sales Co., Harrisburg, had bid \$8.74 a ton but Kenneth Reinhart, secretary of the board, explained that the property committee held it was unsatisfactory to arrange for coal deliveries at such a distance and that coal provided by that company was not of the same quality as would be furnished by Koontz.

Approval was given to purchase janitor equipment for the Keefauver school including a floor maintainer from A. J. Lehrman and Sons, Harrisburg, for \$253; a vacuum cleaner from Bond Sanitary Products, York, for \$208.45, a number of waste baskets from George M. Zerling, Gettysburg, for \$71.49 and other waste receptacles and towel urns from A. J. Lehrman and Sons, Harrisburg, for \$155.

Other Equipment
Platform equipment contracts for Keefauver school went to Pittsburgh Stage, Inc., Pittsburgh, for \$1,120; M. L. Wehr, York, bid, \$1,366.30 and I. Weiss and Sons, New York, \$1,601. The contract for cafeteria (Continued On Page 3)

GIRL SCOUTS NAME OFFICERS

Mary Hewetson, Gettysburg R. D., was elected president of Senior Girl Scout Troop No. 4 Monday afternoon when the new troop met for the first time at the County Girl Scout office in the First National Bank Building and decided to operate on the club plan of government, electing officers every six months.

Deborah McCullough was named secretary and Susan Robertson, treasurer. The meeting was opened with a flag ceremony conducted by Evelyn Gaston, with Marilyn Culp and Louise Collins as flagbearers and Susan Robertson and Mary Hewetson, color guard.

The members were asked to meet at the Girl Scout office Wednesday evening at 6 o'clock to assist in work on the Girl Scout campsite near Fairfield.

Chorale To Sing Here December 2

The Robert Shaw Chorale and orchestra will be presented December 2 by the Gettysburg Concert Association. It was announced Monday evening at a meeting of the board of directors at the Hotel Gettysburg. Dr. Jacob W. Heikkinen, president of the association, presided. 15 members were in attendance.

Mrs. Herbert H. Schmidt, campaign chairman, announced that the membership drive will start with a workers' dinner at the Hotel Gettysburg September 26 at 6:30 p.m. Campaign headquarters will be in the hotel lobby.

YW WORKSHOP IS CONDUCTED MONDAY NIGHT

A Committee Workshop was held Monday evening at the YWCA by 45 committee members and chairmen. Before breaking up into "buzz groups," the women were welcomed by Mrs. Frank H. Kramer, president of the Y board of directors. Devotions were led by Mrs. Louise Stanton. Mrs. Conway S. Williams, executive secretary of the Y, said the workshop is held to outline the year's program.

At 9 o'clock the board members met. Reports were made by the treasurer, Mrs. Edwin Johnson, and the finance secretary, Mrs. Clark S. Smith.

Mrs. Luther McDonnell, personnel chairman, announced the resignation of Miss Anna Grimm, part-time office secretary, who has accepted a full-time position at the Gettysburg College library. Appreciation was expressed for Miss Grimm's services and for those of Miss Anne Gilliland, who served on the board as membership chairman for several years. Her resignation becomes effective September 1.

Future Events
The public affairs committee, under the joint chairmanship of Mrs. J. A. Blackburn and Mrs. John S. Rice, will meet monthly. The sessions are open to interested persons. "The United Nations" is the topic of the October meeting.

Mrs. Robert Fortenbaugh, program chairman, announced the following special events for the year: October 9-15, Y-Teen Roll Call Week, with special programs planned for members and a welcome for new Y-Teens from 12 through 17 years of age; YWCA membership meeting, last of October; November 13, trip to Washington, D. C., and the World Festival (Continued On Page 2)

Schools Continue D.S.T. If Convenient

The Gettysburg Joint school committee at a meeting Monday evening in the high school here "reluctantly" extended daylight saving time for the schools through October 30 "provided the rest of the town is on daylight time for that period."

Members of the joint committee made it plain in their discussion that they did not "favor" an extension of daylight time but held that "if we don't go along and everybody else is on daylight time, it will cause too much confusion."

DAC DISCUSSES COMMUNISM IN UNITED STATES

A question and answer program on communism was presented Monday evening at a meeting of the Manor of Maske Chapter, DAC, at the home of Mrs. Florence Gentzler, East Berlin. The topic "Where Do We Stand Today With Communism in the United States?" was taken from the American Legion magazine. The questions were answered in the pamphlet by J. Edgar Hoover, director of the Federal Bureau of Investigation, Washington.

Officers installed were: Mrs. Roy E. Zinn, chaplain; Mrs. Elizabeth S. Hennig, librarian; and Miss Garce Sachs, second reader.

A "Colonial Christmas" program will be held December 12 at the Methodist Church in the form of a covered dish candlelight supper. At the March 12 meeting yearly reports will be submitted followed by a talk by W. W. Eisenhart. A covered dish supper will be held June 11 at Christ Lutheran Church, Littlestown, at which time the pastor will tell the history of the church. The programs were announced by Miss Sachs.

Approve Budget
The ways and means committee reported on its tentative plans and the budget was approved. A report was given on the national assembly held in Washington several months ago. The delegates were Miss Elsie Eisenhart, Miss Betty Diehl, Miss Margaret McMillan and Mrs. William Gross.

Miss Eisenhart, regent, who presided, announced that the state assembly will be held at the Penn. Harris Hotel, Harrisburg, October 31, November 1 and 2. Mrs. Guile W. Lefever, secretary, gave a report. Mrs. Hennig announced that she has received the tenth lineage book which will be placed on record with the Adams County Historical Society.

Mrs. Zinn opened the session with a prayer. The object of the society was read and the pledge of allegiance given.
Hostesses were: Mrs. Gentzler, Miss Beulah Wentz, Miss Alice Black, Miss Anna Black, Mrs. Charles Drum, Mrs. Victor Dutera, Mrs. John T. Huddle and Miss Diehl.

Funeral Services Thursday at 10 a.m. at the Little Funeral Home, Littlestown, conducted by her pastor, the Rev. Dr. David S. Kammerer. Interment in Mt. Carmel Cemetery, Littlestown.

SEVEN SCOUTS ARE ADVANCED

Seven Boy Scouts passed examination for Star and Life awards at a Board of Review held Monday evening in the office of the Black Walnut Boy Scout District Chairman, Attorney Eugene R. Hartman, Baltimore St.

The scouts and the award for which they qualified were: Philip J. Smith, Post 73, Life; C. Robert Zhea, Post 73, Star; Robert O. Burkhardt, Troop 71, Star; Frank H. Skidmore, Post 73, Life; Patrick H. Roth, Troop 78, Star; Larry G. Fair and Barry W. Fair, both of Post 79, Star.

The scouts will receive the awards at courts of honor held by their own units. Attorney Hartman, Dr. Joseph H. Riley and Attorney Edward B. Bullett constituted the board of review.

In anticipation of the meeting of the District Committee this evening at his office, Attorney Hartman announced that 87 have signed so far for the Boy Scout trek to Washington this month. All reservations must be in by the close of the district meeting tonight.

LEGION HEARS STATE OFFICERS ON MEMBERSHIP

Daniel W. Shaup, adjutant, and Al Vigiano, membership director of the American Legion, Pennsylvania Department, outlined Legion activities on a state and national level at the September meeting of the Albert J. Lentz Post, Monday evening, at the post home, Baltimore St.

Pennsylvania membership goals this year, they said, were 100,000 by November 11 and another 100,000 by December 31.

A report on the activities of the Honor Guard of the local Legion post, prepared by Eugene S. Sickles, was read. The report showed that the honor guard has 39 members, took part in four parades, served as an escort party for President Eisenhower, took part in a civic ceremony other than a parade, participated in eight American Legion military funerals, and six Legion-VFW military funerals. Two outdoor drills and ten indoor drills were held. The members provided 642 "man-hours" of service to the post during the year. Sickles' report showed. His report expressed the appreciation of the Honor Guard to retiring Commander Glenn L. Harner, the officers and directors and members of the Legion, and offered the services of Sickles and Billy Shealer, heads of the guard, to incoming commander Richard Fox. "In any capacity as may be designated by him."

Installation Set

October 3 was set as the date for the installation of the new officers of the post headed by Commander Fox. The new officers will be installed by the new post commander's brother, Paul B. Fox, w. American Legion.

Adjutant William T. Timmins Jr. reporting on the recent state convention of the American Legion said John F. Shay has been named as the new department commander and Joseph P. Gauenonsis, Pittsburgh, as the new central district vice commander.

Sixteen new members were accepted into the post, bringing to 35 the number of members. Ignored for 1956, the new year for membership having begun this past week.

Members Elected

Members elected Monday were Edwin Hibbert Jr., Bonneauville; Richard L. Unzer, 37 Barlow St.; William Francis Cole, Orrtanna R. 1; Richard Charles Trimmer, 522 York St.; Victor Vincent Re, Gettysburg R. 3; Harold D. Hankey, 5 Wall St.; Albert L. Wolford, Jersey City, N. SORORITY TO HOLD DINNER

Plans for a public spaghetti and meat ball dinner and food sale to be held September 24 at the cafeteria in the Xavier school basement, were outlined Monday evening at the meeting of the Exempla chapter of Beta Sigma Phi sorority at the Adams Electric Cooperative building, rear of N. Stratton St.

The meeting was held in the form of a covered-dish supper followed by a business session. Miss Helen Spangler, president, appointed Miss Mary Kay Baughman and Mrs. Florence Dietz as co-chairmen for the public supper and food sale. Others named to the committee were Doris Ellis, Mary Heintzelman, Phyllis Culp, Ruth Joseph and Grace Myers.

Plans were outlined to provide clothing for a needy local family. It was announced that some infant's clothes have already been furnished the family by the sorority.

Mrs. Dietz conducted a program on "Conversation." The next meeting of the unit will be held September 26.

Countian Faces 3 Charges; Is Jailed

Willis Bierly, Fairfield R. D., was in jail today seeking \$1,000 bail after two additional charges were placed against him following a hearing before Justice of the Peace John H. Basehore Monday evening on a disorderly conduct charge.

The original charge was brought by borough police. He was directed to pay a fine and costs on that charge following the hearing and then charges of surety of the peace and malicious mischief against him were read. With \$1,000 bail placed on the latter two charges, Bierly was returned to jail until he could obtain the bail.

OPEN GARDNERS CANNING PLANT ON WEDNESDAY

The C. H. Musselman Company's first major apple canning operation in the county will get under way Wednesday when the Gardner's plant, under the direction of D. A. Bosserman superintendent, opens for the fall season. The plant, remodeled two years ago to process apple sauce as well as sliced apples, will operate to full capacity on sauce.

Apple buyers announced today that the plant's receiving department will be open for delivery of all varieties suitable for processing at this time and that all apples will again be purchased under Federal-State inspection. Blending of varieties for apple sauce is done according to a proportioning schedule supervised by the company's control department.

Inwood Opens Monday

The Musselman Company's Inwood, West Virginia, sauce plant started production on Monday and is now operating two shifts at full capacity. Opening date for the Biglerville plant, production center for sliced apples, apple pie filling and apple butter, has not been announced but an early date is anticipated.

Again operating with local help only, the Musselman plants will provide employment for approximately 800 additional workers in the county during the fall canning season. It is expected that the annual employment peak in the county will be reached by October when all the canneries are in operation and apple harvesting in the orchards is in full swing.

3 ENROLLED IN FIRE AUXILIARY

Mrs. Henry Herring, Mrs. Robert Shealer and Mrs. John Kerrigan were introduced as new members of the Gettysburg Fire Company Auxiliary Monday evening at a meeting in the fire engine house. Any woman who wishes to join the organization may notify Mrs. John Bollinger, R. 3, chairman of the membership committee.

Mrs. Richard Knox, vice president, presided, in the absence of Mrs. Francis Yingling. Plans were made to hold a rummage sale Saturday at the engine house starting at 7 a.m. Mrs. Donald McSherry, chairman, will gather sale donations, upon request. It was announced that the organization will enter the local Halloween parade. Mrs. Harold Heiges won the guess package. There were 35 members present.

Mrs. David Baker, chairman of the hostess committee, was assisted by Mrs. Paul Anzengruber, Mrs. Rose Anzengruber, Mrs. Raymond Bisbing and Mrs. Charles Bollinger.

Sultan Mohammed B. M. Arafat Defies France And Asserts God Will Have To Oust Him

PARIS (P) — Premier Edgar Faure's cabinet today named a four-man "hatchet committee" to depose Sultan Mohammed Ben Moulay Arafat as the first step in a reform program for Morocco.

PARIS (P) — The French government was believed taking steps today to ease Sultan Mohammed Ben Moulay Arafat off the Moroccan throne. The embattled ruler issued another statement saying God would have to remove him.

Premier Edgar Faure's plan for giving Morocco a measure of self-rule was approved unanimously by the French Cabinet last night. It reportedly calls for removal of Moulay Arafat and establishment of a three-man regency. A spokesman said the program would be put into effect immediately.

Morocco was generally quiet. Moderate nationalist leaders urged their followers to be patient, saying at least a partial victory was at hand. Terrorists had called for a general strike but response was slight.

The ouster of Moulay Arafat was the primary condition laid down

DR. GREVE TELLS ROTARY OF PURE FOOD ACTIVITY

"There are unfortunately manufacturers who think no more of their customers than they do of the mice that get into the food they make," Dr. Elmer W. Greve, Harrisburg, resident inspector for the Central Pennsylvania area of the U. S. Food and Drug Administration, told members of Rotary at their meeting Monday night at the YWCA.

In describing the continuing fight of the Food and Drug Administration to "keep our nation's foods, cosmetics and drugs pure," he held, "In the fight to keep food and other products unadulterated, to keep manufacturers from mislabeling their products, to prevent use of poisons in all types of articles, the greatest support comes from the honest manufacturers such as you have in your county. They are interested in their customers, they want to give them honest products and our job is to help them keep their products pure, and to protect them, as well as the public, from the competition of the unscrupulous."

The first food and drug act was passed nationally in 1906. It was extended and major revisions made in 1938, "and each time and in between there has been major warfare to keep the laws intact and better them. The efforts of the opposition are worthy of a better cause."

Explains Operation

He outlined the manner in which the Food and Drug Administration, at the request of local and state authorities, steps in to examine foods, drugs and cosmetics that may have been reached by water in time of floods. "Even tin cans are dangerous because, once the water covers them they frequently develop tiny openings through which contaminated water reaches them."

Dr. James Oyler introduced Dr. Greve. President Philip M. Jones presided at the meeting with 56 present. H. Edgar Riegler introduced Albert Treher, Gettysburg High School senior, who will be guest of Rotary through September.

FAURE AWAITS APPROVAL OF MOROCCAN PACT

PARIS (AP)—Premier Edgar Faure today tackled the most potent political opposition at home to his new deal for Morocco.

President Rene Coty summoned the full Cabinet to pass on the home rule agreement worked out with the pro-nationalist former Sultan, Mohammed Ben Youssef.

Across the Mediterranean, the North African protectorate tensely awaited the outcome. The French showered the Arab quarters of the chief cities with leaflets, bluntly warning that they would permit no repetition of the uprising Aug. 20-21 in which more than 1,000 died.

Heavy detachments of troops patrolled Casablanca and other major cities to counter any violence that might be touched off by one nationalist group's call for a general strike.

Faure was determined to get Cabinet approval for his Moroccan settlement today, the target date he assigned himself a month ago. However, some right-wing cabinet ministers were expected to oppose at least some portions of the accord.

The rightist opposition threatened not only the future of Morocco's nine million Moslems and half a million European residents, but that of Faure's government as well. Although Socialist votes probably ensured National Assembly approval of the settlement, a walk-out by the right-wing ministers would virtually force the Premier to resign when Parliament reconvenes next month.

In Paris, some 400 air force reservists called up for North African duty battled military police at a railroad station for more than two hours yesterday to prevent being shipped to Marseille, their port of embarkation. "Mo-

Lebanon TV Owners Plan Program Series

PHILADELPHIA (AP)—The radio and television division of Triangle Publications, Inc., prospective owner of station WLBR-TV at Lebanon, Pa., says it plans a series of programs on "subjects of vital interest to the pupils and parents of the Lebanon city school system."

FATHER ADMITS FATAL BEATING

BRIDGETON, N.J. (AP)—Robert Maust, father of two young boys, was to be arraigned today on a murder charge in the fatal beating of his 26-year-old wife in their apartment.

Police said Maust, 27, signed a statement in which he admitted inflicting the beating on his wife Alice.

Neighbors, hearing the screams and moans Saturday, alerted police—who were about to break down the Maust door to rescue the woman until Maust admitted them to the apartment.

One of the patrolmen, John Hamlyn, said he saw Maust knock his wife to the floor twice. The patrolman said he witnessed this part of the beating from the side porch of the Maust's first floor apartment.

Mrs. Maust, found on the bathroom floor, died later in Bridgeton Hospital. The Mausts' two sons, aged 2 and 6, were on a sofa in the living room when the beating occurred, they said.

The rebellious men finally were taken by truck to a suburban air base. The Defense Ministry said the men would be flown to North Africa, and meanwhile their insubordination was being investigated.

Authorities said the youngsters had not been fed and were dirty. The children have been placed temporarily in a home with a Bridgeton family until arrangements are made for their custody with relatives.

The beating was alleged to have followed a Friday night argument in the presence of two visiting friends, Mr. and Mrs. Philip Palazzi.

Police were called when neighbors heard the screams and moans after the Palazzi left.

The two Maust children were taken by police Chief J. Fred Semple into his own home for a while. Later they were placed with the other family, not identified.

Richter follows through with a tale of Pennsylvania's part in American history, of its physical appeal for visitor and resident, and of its people as he knows them. The author does not claim to portray all that is Pennsylvania. "The state is much too vast and diversified to be portrayed fully here," he writes. He sets down "only that Pennsylvania and its people seen and felt by one observer, boy and man."

The author's observations center chiefly on Pennsylvania's countryside. He reports with the authority of long acquaintance on places such as Lancaster County, the Kittatinny Valley and the villages of the hard and soft coal areas and Pennsylvania's lumbering empire.

Their peoples he sketches with a fine brush, providing many new and affectionate anecdotes about Lancaster County's Pennsylvania Dutch and their counterparts in the other areas mentioned.

Pennsylvania's wealth — of

beauty, natural resources and industrial might—is a recurrent topic of Mr. Richter's story, but he maintains that the state's greatest treasure is its spiritual background of refuge and freedom.

Concluding his essay, Richter writes that to most native sons, Pennsylvania is the greatest state in the union. To this he adds that most also think that if you come from another state, it's your misfortune, not necessarily fatal but too bad.

There are two Gettysburg illustrations, including a large aerial view of the Eisenhower farm.

The late President Theodore Roosevelt once said:

"Almost every man who has by his life work added to the sum of human achievement of which the race is proud, of which our people are proud, almost every such man has based his life work largely upon the teachings of the Bible."

Way back in the 15th century, when birds were presumably more plentiful than they are today, there was in England a sport called "batfowling." It seems that birds in those days would sleep in bushes and ye complot batfowler, who was a gentleman armed with a light and a bat, took advantage of this custom. The procedure generally was to have an assistant start by beating the bushes adjacent to the bush where the main flock was asleep. In this manner they would first catch such birds as did not have accommodations at the central roosting point. Hence, "beating around the bush" came to mean approaching indirectly the main objective.

Among the projects the Emperor of Ethiopia plans for the development of his country is an 800-mile electric railway to link Asmara, the capital of Eritrea, with a new capital of Ethiopia at Bahar Dar, near Tana. Many obstacles will face the builders. Lake Tana is 200 miles inland from the Red Sea and has an altitude of 6,000 feet. Between the lake and Asmara the country is rugged. Peaks rise to over 14,000 feet, passes are 11,000 feet above sea level, and there are many deep gorges that present engineering problems.

Maintenance men on South African railways, accustomed to landslides and washouts following heavy and continuous rains, met an unusual problem recently. During a protracted wet spell, a fountain suddenly erupted between the rails on a section between Cavendish and Shalleross. Although damage

was negligible, the flow of water was a nuisance, inasmuch as trains were required to reduce speed when passing over it.

Reconstruction of the railroad station in Leningrad, U.S.S.R., destroyed during the war, has at long last been completed. The new building covers an area of 484,200 square feet and is surmounted by a 216-foot spire topped by a star. There are waiting rooms on both first and second floors. The news dispatches say conveniences for passengers include special rest rooms for mothers with children, beauty shops, and shower baths.

The Toronto subway, opened on March 30, 1954, has so greatly surpassed expectations that thirty-four more cars have been ordered for use on the four-and-a-half-mile Young Street line. During its first year of operation, approximately seventy-two million passengers—some seventy times the population of the city—rode the underground cars, which covered a total of about 6,100,000 miles.

STUDY STREET NEED OF PLANT IN NEW OXFORD

At the regular meeting of the New Oxford Borough Council on Monday evening in the administrative office of the Community Fire Company building, the street committee announced that it will undertake an investigation of the possibility of widening South College Ave. from High St. a distance of 600 feet to accommodate a new industrial plant, the Old Oxford Investment Co., makers of paper products.

The new company will operate in the College Ave. area about 1,100 feet from High St., and traffic in the area will be increased with truck shipping and the delivery of raw materials. The additional 450 feet from the factory lie in Oxford Twp. outside the borough limits.

The street committee reported that all street projects had been completed but the subject of sidewalks was discussed with a view to improving conditions in several areas. Pedestrian crossings will be renewed on Lincoln Way and on the Square. A drainage condition was reported on West Golden Lane.

An authorization for refund of deposit on the Leon Smith property on Kohler Mill Rd. was approved. The property committee was authorized to permit the bell on the Town Hall to be removed to the Community Fire Company building, but the bell will remain the property of the Borough Council. Repair to the base of the flag pole was authorized.

Secure New Truck

Only one bid of \$1,600 from Staub Chevrolet was received for a three-quarter ton truck as advertised, and the property committee was authorized to complete negotiations and secure title to the new vehicle. The present truck will be traded as part of the deal and is included in the bid. The council approved extending daylight saving time to the end of October to coincide with the action of neighboring communities.

In attendance at the meeting were Charles E. Slaybaugh and G. W. Smiley. Smiley sought a decision on whether contemplated buildings on Hollywood Boulevard could be supplied with city water and was informed that under ordinance regulations it could be supplied.

An ordinance changing the name of School Alley to School St. and widening it from twenty feet to twenty-five feet was approved.

Treasurer John M. Acker submitted the following financial report: Balance August 1, \$4,239.93; Receipts: Water rents, \$1,944.07; 1955 taxes, \$3,232.35; Treas. Dept. Civil Defense, \$494.00; street repairs, \$12.25. Total receipts and balance, \$9,972.60. Disbursements, \$6,923.11. Balance, \$3,049.49.

The following salaries and accounts were approved for payment: Borough, \$693.48; water works, \$661.16; motor license fund, \$666.17. Total payments, \$2,020.81. President Fred G. Klunk presided and Councilmen R. W. Wolfe, A. W. Rohrbach, John P. Smith, Paul H. Harbaugh, and H. S. Griffin attended. Others present were Borough Manager Lawrence C. Bevenour, Burgess Guy A. Staub, and Officer Harry E. Bemiller.

One Blackboard, All Others Green

Students in one room at the Keefe elementary school will have a blackboard while all the rest will have "green boards." Because it was expected that only 19 of the rooms would be used this year, one was not fitted with a "green board." With the need to use the room as a classroom developing with the opening of the school, the joint board executive committee Monday evening authorized moving one of the slate blackboards from the closed High St. school to the Keefe school room.

REV. G. H. KOONS
IS NAMED HEAD
OF MINISTERIUM

Rev. G. Howard Koons, pastor of Christ Evangelical and Reformed Church, was elected president of the Littlestown Ministerium at the bi-monthly meeting of the Ministerium, held Monday in St. Paul's Lutheran Church.

Other officers elected were: Vice president, the Rev. Porter W. Seiwel, pastor of Redeemer's Evangelical and Reformed Church; secretary-treasurer, the Rev. Charles B. Rebert, retired Reformed minister, re-elected.

The meeting was conducted by the Rev. William G. Karns, pastor of St. John's Lutheran Church, and the retiring president. The opening prayer was offered by the Rev. Joseph Wood, pastor of Centenary Methodist Church. A welcome was extended to the Rev. Mr. Wood and the Rev. William A. Ellsworth Jr., pastor of St. James' Reformed Church, both new ministers in the community.

The fall series of union vesper services was announced as follows: October 9, in Redeemer's Reformed Church, Rev. Mr. Kammerer; October 16, St. John's Lutheran Church, Thankoffering service, Rev. and Mrs. Roy Dunkelberger, former missionaries in India; October 23, Christ Reformed Church, Rev. Mr. Karns; October 30, St. Luke's Union, Rev. Mr. Wood; November 6, St. Paul's Lutheran, Veterans' Day service; November 13, Centenary Methodist Homecoming Day; November 20, to be announced; November 27, Redeemer's Reformed, Rev. Mr. Ellsworth, speaker; December 4, Rev. Mr. Koons, speaker.

The annual Thanksgiving service will be held Thanksgiving eve at 7:30 p.m. in St. Paul's Lutheran Church, with the host pastor in charge of the worship, and the Rev. Mr. Seiwel as speaker. The offering will go to the Mont Alto Sanatorium.

Plans were made for the observance of Veterans Day on Sunday, November 6, at 7:30 p.m. in St. Paul's Lutheran Church. Veterans organizations and their auxiliaries are invited to attend the service as a group. A committee consisting of the Rev. Mr. Kammerer and the Rev. Mr. Seiwel will secure a speaker for the Veterans Day observance.

Dr. Carl C. Rasmussen, of the Gettysburg Seminary, will be the speaker for the preaching mission the first week in January.

The next meeting of the Ministerium will be held November 14.

"REAL NOBILITY"

What constitutes nobility . . . and who should have the name . . . should it be those of us . . . to someone else's fame . . . by birthright or a trick of fate . . . or honor kings bestow . . . does this make for nobility . . . is what I'd like to know . . . of course I am no connoisseur . . . but in my humble way . . . nobility is something that . . . we all can gain some day . . . by working hard and living right . . . and being kind to all . . . we have an excellence of heart . . . that answers every call . . . with charity for those in need . . . and love of fellowman we rate with those who walk with God . . . and fit into His plan . . . for goodness is magnificence . . . it constitutes the key . . . that can fill every one of us . . . with real nobility.

equipment at Keefauver School went to Louis A. Weiss, York, for \$1,220.59.

In connection with the purchase of cafeteria equipment for the Keefauver School, the superintendent said additional plates and other equipment will have to be purchased because of the unexpectedly large use of the cafeteria by the students. Leo Riley, R. D., Cumberland Township constable, was re-elected attendance officer for the joint district.

A decision of the board at a special meeting last month to have a rust colored cycloramic-setting curtain placed in the general purpose room at the Keefauver School was changed. At the suggestion of art teacher, Richard Krick, the color was changed to black. Krick explained, according to Keefauver, that black will lend itself to more use than other colors.

Sheely and Harrison F. Harbach. Financial Report
Dentists include Drs. Granville R. Schults, G. Donald Wickerham and Joseph H. Riley.

The financial report showed the district's income to be \$440,687.05 during the past school. Expenditures totaled \$392,365.45 including \$171,391.09 for elementary schools and \$220,974.36 for secondary schools.

The report showed that each of the school districts began the new school year with a credit in the jointure fund. Cumberland had paid \$3,643.20 more than its share of last year's operations; Franklin, \$4,595.55; Freedom, \$1,251.41; Gettysburg, \$15,047.62; Highland, \$1,099.15; Mt. Joy, \$1,484.91, and Straban, \$11,223.72.

Total amounts paid into the jointure by the districts over the year were: Cumberland, \$68,883; Franklin, \$48,971.73; Freedom, \$20,100; Gettysburg, \$150,000; Highland, \$20,246.88; Mt. Joy, \$27,100, and Straban, \$72,000.

\$16,000 Payroll Thursday
The directors were agreed that it was fortunate there was a credit remaining as they approved bills totaling \$17,120.24 and recalled that a \$16,000 payroll is due Thursday. Secretary Reinhardt asked checks from the districts toward their assessment for the coming year. The

House Of Lords May Admit Women

LONDON (U) — The House of Lords, perhaps the most exclusive men's club in the world, is under strong pressure to admit women. The British government is considering plans to reform the ancient parliamentary institution. The place of women is reportedly involved in the plans.

actual percentage to be paid by each district will not be known until October 1, the date on which student enrollment percentages are based.

Dr. Keefauver was asked to work out a possible plan to reimburse Mt. Joy Twp. for transporting the Hoffman Orphanage children to Gettysburg. The tuition for those youngsters goes directly to the jointure, and thus Mt. Joy receives nothing toward their transportation.

At the opening of the meeting Dr. Keefauver presented the board president, Dr. Ralph D. Wickerham, with a gavel made by the industrial arts students from a broken baseball bat.

JAYCEES MEET MONDAY NIGHT

equipment at Keefeauver School went to Louis A. Weiss, York, for \$1,220.59. In connection with the purchase of cafeteria equipment for the Keefeauver School, the superintendent said additional plates and other equipment will have to be purchased because of the unexpectedly large use of the cafeteria by the students. Leo Riley, R. D. Cumberland Township constable, was re-elected attendance officer for the joint district.

A decision of the board at a special meeting last month to have a rust colored cycloramic-setting curtain placed in the general purpose room at the Keefeauver School was changed. At the suggestion of art teacher, Richard Krick, the color was changed to black. Krick explained, according to Keefeauver, that black will lend itself to more use than other colors.

Sheely and Harrison F. Harbach. Financial Report
Dentists include Drs. Granville R. Schultz, G. Donald Wickerham and Joseph H. Riley.

The financial report showed the district's income to be \$440,667.05 during the past school. Expenditures totalled \$392,365.45 including \$171,391.09 for elementary schools and \$220,974.36 for secondary schools.

The report showed that each of the school districts began the new school year with a credit in the jointure fund. Cumberland had paid \$3,643.20 more than its share of last year's operations; Franklin, \$4,595.55; Freedom, \$1,251.41; Gettysburg, \$15,047.62; Highland, \$1,099.15; Mt. Joy, \$1,484.91, and Straban, \$11,223.72.

Total amounts paid into the jointure by the districts over the year were: Cumberland, \$68,883; Franklin, \$48,971.73; Freedom, \$20,100; Gettysburg, \$150,000; Highland, \$20,246.88; Mt. Joy, \$27,100, and Straban, \$72,000.

\$16,000 Payroll Thursday
The directors were agreed that it was fortunate there was a credit remaining as they approved bills totalling \$17,120.24 and recalled that a \$16,000 payroll is due Thursday. Secretary Reinhart asked checks from the districts toward their assessment for the coming year. The

House Of Lords
May Admit Women

LONDON (AP) — The House of Lords, perhaps the most exclusive men's club in the world, is under strong pressure to admit women. The British government is considering plans to reform the ancient parliamentary institution. The place of women is reportedly involved in the plans.

actual percentage to be paid by each district will not be known until October 1, the date on which student enrollment percentages are based.

Dr. Keefeauver was asked to work out a possible plan to reimburse Mt. Joy Twp. for transporting the Hoffman Orphanage children to Gettysburg. The tuition for those youngsters goes directly to the jointure, and thus Mt. Joy receives nothing toward their transportation.

At the opening of the meeting Dr. Keefeauver presented the board president, Dr. Ralph D. Wickerham, with a gavel made by the industrial arts students from a broken baseball bat.

JAYCEES MEET
MONDAY NIGHT

A "Pass The Gavel" program was conducted at the September dinner meeting of the Littlestown Junior Chamber of Commerce Monday evening at Schottie's Hotel. Jaycees from Mt. Sarong...the boneless girdle that walks and won't ride up!

Lightweight, boneless Sarong always keeps you in trim shape because it always stays in place. The exclusive, high-cut criss-cross front frees you to walk, bend, dance, sit — won't bind a bit. The diagonal pull of the 2 front panels flattens the stomach and slims the thighs to give you an unbroken dress line. The contoured back curves low under the derriere to anchor the girdle and keep it from riding up.

STUDY STREET NEED OF PLANT IN NEW OXFORD

At the regular meeting of the New Oxford Borough Council on Monday evening in the administrative office of the Community Fire Company building, the street committee announced that it will undertake an investigation of the possibility of widening South College Ave. from High St. a distance of 660 feet to accommodate a new industrial plant, the Old Oxford Investment Co., makers of paper products.

The new company will operate in the College Ave. area about 1,100 feet from High St., and traffic in the area will be increased with truck shipping and the delivery of raw materials. The additional 450 feet from the factory line in Oxford Twp. outside the borough limits.

The street committee reported that all street projects had been completed but the subject of sidewalks was discussed with a view to improving conditions in several areas. Pedestrian crossings will be renewed on Lincoln Way and on the Square. A drainage condition was reported on West Golden Lane.

An authorization for refund of deposit on the Leon Smith property on Kohler Mill Rd. was approved. The property committee was authorized to permit the bell on the Town Hall to be removed to the Community Fire Company building, but the bell will remain the property of the Borough Council. Repair to the base of the flag pole was authorized.

Secure New Truck

Only one bid of \$1,600 from Staub Chevrolet was received for a three-quarter ton truck as advertised, and the property committee was authorized to complete negotiations and secure title to the new vehicle. The present truck will be traded as part of the deal and is included in the bid. The council approved extending daylight saving time to the end of October to coincide with the action of neighboring communities.

In attendance at the meeting were Charles E. Slaybaugh and G. W. Smiley. Smiley sought a decision on whether contemplated buildings on Hollywood Boulevard could be supplied with city water and was informed that under ordinance regulations it could be supplied.

An ordinance changing the name of School Alley to School St. and widening it from twenty feet to twenty-five feet was approved.

Treasurer John M. Acker submitted the following financial report: Balance August 1, \$4,239.97. Receipts: Water rents, \$1,944.07; 1955 taxes, \$3,282.35; Treas. Dept. Civil Defense, \$494.00; street repairs, \$12.25. Total receipts and balance, \$9,972.60. Disbursements, \$6,028.11. Balance \$3,944.49.

The following salaries and accounts were approved for payment: Borough, \$693.48; water works, \$661.16; motor license fund, \$666.17. Total payments, \$2,020.81. President Fred G. Klumk presided and Councilmen R. W. Wolfe, A. W. Rohrbach, John P. Smith, Paul H. Harbaugh, and H. S. Griffin attended. Others present were Borough Manager Lawrence C. Bevenour, Burgess Guy A. Staub, and Officer Harry E. Bemiller.

Mr. and Mrs. C. Russell Gilbert and family, Biglerville, visited Sunday with friends and relatives in Lancaster and Lititz.

Word has been received here of the death Sunday of John William Ayres, 10-year-old son of Mr. and Mrs. Donald W. Ayers, 1521 College Ave., Collegeville. Beside his parents, he is survived by a younger brother, Donald. Mrs. Ayres was the former Miss Mary Barry and taught in the Arendtsville school, while Mr. Ayres was employed at the Pennsylvania State Laboratory, Arendtsville. The funeral services will be held Thursday at 11 a.m. at the Geisler Funeral Home, Royersford, Pa.

The Bendersville Borough Council has let the contract for improvements to Railroad St. to McDermitt Brothers, Gettysburg, the work to start by the middle of his week.

The work will involve the removal of all trees outside the curb line and improvement with concrete curbs set back to enable widening of the street to meet state specifications. All walks in bad condition will necessarily be replaced. While the work is in progress, it may be necessary to disrupt water service on Railroad St., but this will be done with the convenience of the citizens in mind.

The Children's Choir of St. Paul's Lutheran Church, Biglerville, will rehearse in the church auditorium Thursday afternoon at 3:45 o'clock.

A/V/C Merle Kopp, son of Mr. and Mrs. Harry L. Kopp, Heidlersburg, who is on temporary duty at the Grandview AFB, Grandview, Mich., has returned to the base after spending some time at the home of Mr. and Mrs. Ray Dargemond, Holland, Mich.

A birthday party was held Sunday for Mrs. Alice Schollosser, Shephardstown, at the summer home of her son-in-law and daughter, Le-Art, East Berlin. The celebrant, who was 81, is a former resident of Arendtsville. She received gifts, messages and flowers.

Those present included the following children with their husbands and wives: Mr. and Mrs. Charles E. Sprout, Harrisburg; Mr. and Mrs. Arthur Huntsberger, Shephardstown; Mrs. Lloyd Wisler, Camp Hill;

Mr. and Mrs. Harrison Schlosser, Dillsburg; Mr. and Mrs. George Schlosser, Rutherford Heights; Mr. and Mrs. Mervin Schlosser, Aspers R. D.

Other guests included Mr. and Mrs. Howard Yetter, Rutherford Heights; Jack Steckley, Camp Hill; Kenneth Shindedecker and father, Clarence Shindedecker, Gettysburg, the celebrant's grandchildren.

Also Ronald Yetter, Rutherford Heights, her great-grandson; her nieces and husbands, Mr. and Mrs. Clark W. Staley, Gettysburg; Mr. and Mrs. Galen Kline, Carlisle, and Mrs. E. J. Raffensperger, Biglerville R. D., and a cousin, Mrs. James Howe, Gettysburg.

Friends present were Mrs. Blanche Minter, Gettysburg; Almee S. Hastings, Harrisburg; Emanuel J. Kump, Emmitsburg; Ruth Thomas, Biglerville; Mr. and Mrs. Dwight Sellers and son, Sidney, Mechanicsburg R. D. Mrs. Esther Romberger, Shephardstown; Mr. and Mrs. Curtis Britcher, York; Mr. and Mrs. Chester Myers and Mr. and Mrs. Cletus Mummert, East Berlin.

Mrs. Esther M. Bomberger and Mrs. Sadie Mechley, Harrisburg, furnished music. A baked ham dinner was served.

FIFTY YEARS AGO
Interesting Local Jottings: Christian Musselman, of near Fairfield, knows how to grow potatoes. Off a piece of ground 106 by 105 feet, he raised 143 bushels. Who can beat that? Some of the potatoes weighed 1½ lbs.
At the public sale of the Liggett farm near Littlestown last Saturday it was withdrawn at a bid of \$58 per acre.

Entertained Visitors: Thursday was visitors day at Camp Negwyn at Red Rock on Marsh Creek, when the following young people visited the camp and were entertained delightfully: Misses Alfretta C. Williams, Katie Williams, Carrie Williams and George Williams, of Coatesville; Messrs. Harry Barnes, of Allentown; John Carter, A. Dougless and Davis Wilson, of Gettysburg. They were given a fine corn bake by the chef Uncle Pike.

Deaths And Funerals: H. Jerome Walter, one of Gettysburg's oldest and most highly respected citizens, died at his home on W. High St. at 11:30 o'clock yesterday morning from paralysis, after a lingering illness, in his 78th year.
Deceased was born in Maryland and came to Gettysburg when but a boy. He learned the upholstery business and followed the same for many years and by strict attention to business he built up a large trade. He was for many years a faithful and consistent member of Saint Francis Xavier church and was a regular attendant at all the services of God's house when health permitted.
Mr. Walter was married to Hannah Meals, who survives him, about 55 years ago and to this union were born eight children, four of which survive — Mrs. L. S. Stoner, Harry J. and William Walter, of this place, and Mrs. Charles Eckenrode, York.

Eckenrode: Mrs. Mary Eckenrode, widow of the late Elizabeth Eckenrode, died at the home of her in Freedom township last Saturday, aged 89 years and 1 day.

Stover: Robert Bruce, son of Prof. and Mrs. Clyde B. Stover, died yesterday morning, aged 8 months. Funeral this morning at 11 a.m. Interment in Evergreen Cemetery.

Parker: Geo. E. Parker who married Miss Anna Brinkerhoff, daughter of J. Frank Brinkerhoff formerly of this place now residing in Philadelphia died at Reading on the 22nd ult.

Iron Springs Items: Mrs. Louis Mize and children, of Gettysburg, were the guests of her brother, Frank Watson, and family on last Saturday and Sunday.

The saw mill at this place, owned by J. E. Kissinger, is running now.

In The County: R. B. Nelson, of Latimore township, has been appointed book-keeper in the Dillsburg Bank. Mr. Nelson graduated from the Lancaster Business College recently.

According to reports the Tyrone Twp. school board is experiencing some trouble. One of the directors is said to have resigned.

Wedding Bells: Plank-Fissel — Miss Grace Anna Plank, daughter of Mr. and Mrs. David C. Plank, formerly of this place, now of Altoona, was married in that place yesterday to Mervin Fissel, son of William Fissel o. Hanover, formerly of Cumberland Twp. Both are well-known and congenial young people who have a large circle of friends. They will reside in Altoona.

Fairfield Items: Amos Stoner has in his lot a fine patch of garden huckleberries. They are a beautiful berry and grow in clusters having as many as 18 berries on. They are something new in this vicinity and attract a great deal of attention.

Miss Cora Kebel left this morning to attend school at Emmitsburg. Calvin Swope, of East Brady, Pa., is visiting his uncle, E. B.

Today's Talk

TO GO ON WITH
Robert Frost, in his commencement address this year at Dartmouth College, said that the student left college taking with him "something to go on with." The purpose of all life is growth, increasing power and influence. If we always have something to go on with, we can dismiss all anxiety and worry.

Success is largely a matter of education, of adapting oneself to conditions as they are, and not getting all fussed up over things that somehow adjust themselves in time. What became of the worries you had a year ago? You can't even recall what they were! Another thing — it is important that we keep going on with ideas. Time will prove their worth. Ideas have to grow up the same as a boy. And it is by feeding from many hands that these ideas become giants! Edison liked to work on an invention only up to the point where somewhere else could take it up and develop it. Then he wanted to take up something new and work that out. Edison always had something in his mind "to go on with."

There is movement in everything alive with molecules. This movement is essential to life. This body of ours thrives best with activity, exercise, and change. By traveling with an idea you do not lose it, but stay with it and watch it grow with your own guidance. And the longer you father an idea the more it gives you pride in its development.

We all have a certain restlessness — wanting to go somewhere or do something different. It's a healthy condition in which to be. We carry experiences ever with us, so perhaps to give us guidance in those things that we may select "to go on with."

That little word "with" is one that we should make our own — and travel with an idea, plan, or good movement, not against it. There is power where there are co-operation and universal understanding. If we go on with civilization, and seek to add to it and improve it, we have served well.

Tomorrow Mr. Adams will talk on the subject: "A Spider's Web." Protected, 1955, George Matthew Adams Service

Just Folks
DOWNWARD TRIPS

At last he rose to wealth and fame.
But found it lonely at the top.
For no one uninvited came.
Or at his doorway thought to stop.
So frequently he wandered down
To be with friends he left in town.
He missed the ones he long had known
With whom he used to sit and chat.
He didn't like to dine alone;
Said he: "I've had enough of that.
It's lonesome in a place like this.
The fun I used to have I miss.

"No one comes now to tell a jest
Or thinks a need of mine to share.
That life would change I never guessed
When I was still among them there.
So down, from time to time,
I go.
To be with friends I left below."

**FIRE DESTROYS
5 BUILDINGS
HIT BY FLOOD**

CUMBERLAND, R. I. (P) —Five big industrial buildings on the banks of the Blackstone River were destroyed last night by flames that roared uncontrolled "until there was nothing left to burn."

Loss was estimated unofficially at five million dollars.
Fire officials were reluctant to estimate the damage officially until contents of the buildings are listed. However, firefighters said: "It looks like the damage will reach five million dollars."

Nearly 600 employees fled from burning structures uninjured. One fire fighter was injured and required hospitalization.
Two of the buildings were occupied by the Royal Electric Co. A third was used as a storage warehouse by the Owens Corning Fibreglass Corp. The others were occupied by the Atlantic Wool Combing Co. and the Allen Wool Waste Co.

The plants suffered heavy damage in last month's flood and only recently resumed operations. An estimated 2,000 persons will be idle.

Fire fighters and equipment came from all over northern Rhode Island and many parts of southeastern Massachusetts to combat the wind-whipped flames.

Five hours after the blaze was discovered, Cumberland Fire Chief Samuel Angell reported the fire was under control with the comment: "There is nothing left to burn."

Two of the buildings were on the Cumberland side of the Blackstone. The flames leaped 100 feet across the river to consume the others.

Fire officials said the blaze might have been caused by spontaneous combustion in a pile of flood debris.

**SCHOOL OPENING
DELAYED AGAIN**

SCRANTON, Pa. (P) —The opening of public schools in Scranton and neighboring Dunmore—already delayed a week—has been put off indefinitely because of hazards caused by water still contaminated from the August floods.

The Scranton school board, on the recommendation of Richard F. McNichols, superintendent, last night approved a further delay beyond Sept. 14. The original opening date was Sept. 7.
Scranton's action was followed immediately by a similar decision in Dunmore, which was announced by John Quinn, president of the school board.

At least one parochial school in Scranton—St. Paul's—also will be closed until the quality of the water improves.

The delays affects about 20,000 pupils all told in the two places.
It was announced also that flood conditions had caused delays up to a week in the opening of classes at Marywood College and seminary. As rescheduled, the college classes will start on Sept. 26, the ones at the seminary on Sept. 21.

PHILADELPHIA (P) — An unidentified man was found on a vacant lot near the Schuylkill Arsenal today apparently shot to death and the body driven to the spot where it was discovered.

Det. Alexander Clark said marks on the ground indicated the man had been dragged from a nearby road, where tire marks also were visible.

**ROCKET EXPERT
IS DEPORTED**

LOS ANGELES (P) —One of the world's foremost rocket experts, Dr. Hsue-shen Tsien, head of the nonmilitary jet propulsion center at California Institute of Technology, will leave for Red China Friday under a deportation order.

Immigration officials said the order alleged that Dr. Tsien was a member of the Communist party before he entered the United States in 1936. He was granted a permanent residence permit in 1947.

Robert Robinson, acting officer in charge of the Immigration Service here, said yesterday that in leaving the United States, Dr. Tsien would, in effect, be deporting himself.

Friends of the Chinese said, however, that he was bitter against the United States for first ordering his deportation and later refusing him permission to leave the country for five years. The ban on his leaving was lifted last Aug. 4 and Dr. Tsien resigned from Caltech shortly thereafter.

DIED NATURAL DEATH

PHILADELPHIA (P) —Police say a man at first believed to have been shot to death and dumped on a lot near the Schuylkill Arsenal in South Philadelphia, actually died from natural causes.

The unidentified man, a Negro about 40 years old, was found on the vacant lot yesterday. Police said cuts on his face and marks on the ground led them to believe he had been shot and the body dragged from a car.

But Dr. Frank G. Glauser, Health Department pathologist, said the man suffered from cancer and pneumonia.

**SAYS PENTAGON
HAS ROOM FOR
IMPROVEMENT**

By ROWLAND EVANS JR.
WASHINGTON (P) —Sen. Stennis (D-Miss.) said today, "There definitely is room for improvement in the administration of the Pentagon."

Stennis is a member of the Senate Preparedness subcommittee which has issued its first report on an investigation of the nation's air power. The report, which carried no analysis or conclusions, listed statistics on profits earned by 21 major airplane manufacturers since 1942.

Stennis said the investigation "is going to continue for several months into next year." He cautioned the administration against "giving priority to the goal of a balanced budget ahead of military preparedness."

Probe Air Planes
The subcommittee, headed by Sen. Lyndon B. Johnson (D-Tex.), made its report to the full Armed Services Committee headed by Sen. Russell (D-Ga.). It was made public along with a separate statement by Johnson and a letter he wrote to Russell.

These indicated that the subcommittee will delve deeply into all phases of the nation's air preparedness.

The statistical report showed that last year the 21 companies earned a combined net profit, after taxes, of \$231,180,000, or 3.8 per cent of sales.

Measured against net worth, the companies' net profits were listed at 29.4 per cent after taxes.

MOSCOW (P) — Chancellor Konrad Adenauer and Soviet Premier Nikolai Bulganin met again today and found themselves so far apart on issues dividing the two nations that they were unable even to agree on a statement for reporters.

SAN RAFAEL, Calif. (P) —Mrs. Florence M. Salazar collapsed in the arms of a funeral director yesterday and died while attending the funeral of her brother-in-law John Barr.

Mrs. Salazar, who apparently suffered a heart attack, was the widow of Marion T. Salazar, sports editor of the old San Francisco Bulletin. Among her seven brothers and sisters is Prescott Sullivan, sports columnist for the San Francisco Examiner.

MIAMI, Fla. (P) — Hurricane Hilda was discovered today in the Atlantic southeast of Turks Island the Weather Bureau reported.

**FLORIDA FACES
STORM THREAT**

MIAMI, Fla. (P) — Hurricane Hilda drifted toward the Bahamas today and offered a potential threat to the Florida east coast.

At 5 a.m., EST Hilda was about 75 miles southwest of Turks Island and 700 miles southeast of Miami. She was moving toward the west-northwest at about 12 m.p.h. and was expected to continue in that general direction but with a forward speed up to 14 miles throughout most of the day.

A gradual increase in intensity was also expected.

Hilda, eighth tropical storm of the year, had hurricane winds over a small area near the center and gale winds 125 miles in the northern and 80 miles in the southern semicircle.

Highest overnight winds at Turks Island were 60 m.p.h.

Hilda was expected to pass over Great Inagua about noon and then to sweep into the ragged Islands tonight.

LOS ANGELES (P) — Four-year-old Saul Rodriguez, being an inquisitive little fellow, opened a second-story window yesterday a few minutes after his mother had left to take her daughter to school.

Saul leaned out, lost his balance, fell and wound up hanging from the window sill by his fingertips, 20 feet above a concrete walk.

Just then a police car came by. Officer Robert Lea ran to the spot below the window just as Saul let go. The boy landed squarely in the policeman's arms, unhurt but tearfully scared.

MOSCOW (P) — Sen. Young (R-ND) said today Communist party chief Nikita Krushchev told a group of visiting senators U. S.-Soviet trade relations are "not only possible but desirable."

NEW TEASER ON
HIS CANDIDACY**

By MARVIN L. ARROWSMITH
DENVER (P) —President Eisenhower seems to be enjoying himself these days keeping folks guessing whether he will run for a second term.

Franklin D. Roosevelt and Harry S. Truman used to have a lot of fun hiding their political intentions the year before the election, and Eisenhower likes to toss out a "teaser" once in a while too.

He tossed the latest one yesterday in the wake of a 235-yard drive right down the middle of the fairway. He was playing golf at Green Gables Country Club, a few miles west of Denver, and this episode took place on the 10th tee.

As the President's ball came to rest, former Gov. Dan Thornton, a top-notch golfer himself, let out a low whistle in admiration and remarked to the spectators:

"Gentlemen, it's the Colorado air that gave him that strength. He never could do that in Washington."

Attend Pulpit Dedication

Eisenhower shot a grin at Thornton and came back with:

"Another good reason for getting out (of Washington), huh, Dan?"

And the President's grin seemed to get a bit broader as he noted newsmen scribbling down his remark.

Last night the President, Mrs. Eisenhower and her mother Mrs. John S. Doud attended services dedicating a pulpit which he presented to the Corona Presbyterian Church. The church, completed last year, replaces one at which the First Lady attended Sunday school classes as a girl.

Indians Hope To Conquer Washington Jinx Tonight In First Two Of 3 Games

By ED WILKS

The Associated Press

Can Cleveland's 1½-game lead survive the Washington jinx? That's the next question in the American League pennant quiz—and the flag may be riding on the answer.

The Indians look as if they may have packed away the pennant when they came from behind to earn a double-header split Sunday against the second-place New York Yankees, but Tribe Manager Al Lopez remains cautious. He's not predicting a thing "until after tonight's two games at Washington."

"If we get by Washington," says Lopez, "we ought to be in an excellent position, although it still won't be a cinch. I still think it will be real tough all the way."

It's a crazy race that puts the spotlight on a three-game set between the leaders and the seventh-place club. But that's the way the race has been since the All-Star game break—just plain crazy.

Win 12 Of 19

The Senators, a whopping 36 games behind, somehow have managed to take five straight from the Indians while whipping them in 12 of 19 games so far. No other club has an edge over the Tribe this season.

Oddly enough, another second-division club, fifth-place Detroit, also threatens the Indians, who have lost one game less than the Yankees with 11 games to play. Detroit fills up six of the remaining dates.

The Tigers also could raise a fuss with the Yanks as they wind up the '55 series against New York with a two-game set starting this afternoon.

Two Double Headers

Third-place Chicago, still hopeful though 3½ games back, has two doubleheaders against Baltimore tonight and tomorrow. And fourth-place Boston, reduced to a spoiler's roll with seven games remaining against New York, plays an afternoon doubleheader against Kansas City.

Lopez again is throwing his best against Washington, choosing Bob Lemon (17-8) and Mike Garcia (10-12) tonight. Maury McDermott (9-9) teams with Bob Miller (10-16) tomorrow.

The Yankees, who with Chicago have 12 games remaining, go behind Bob Turley (15-13) today against Detroit's Bob Miller, a 20-year-old bonus guy just back from the minors.

Chicago has Jack Harshman (10-7) and Virgil Trucks (13-7) ready for the last-place Orioles. They'll face Ray Moore (7-10) and Erv Fallica (5-11).

Only one game was scheduled in the majors yesterday and Pittsburgh won it 9-3 at St. Louis. Dale Long broke it up with a three-run homer in the fourth. Stan Musial had two of the six hits off winner Lino Donoso—a pair of homers that gave him 100 or more runs batted in for the eighth time in his career.

CYCLONE GENE WHIPS ANDREWS

OGDEN, Utah (AP)—Gene Fullmer

was looking for a rated opponent today after slugging his way to a unanimous 10-round decision over Al Andrews of Superior, Wis. Fullmer, fifth-ranking middleweight from West Jordan, Utah, is aiming for a title bout with champion Bobo Olson—as soon as he can get a few more victories under his belt.

Cyclone Gene, weighing 159½ to Andrews' 160, swarmed over Andrews from the opening bell and won at least eight rounds. The referee scored it 9 for Fullmer and 1 even. One judge had it 8-0-2 and the other 8-1-1.

It was Fullmer's 32nd victory in 33 professional fights. His only loss was to Gil Turner in Brooklyn last winter, but he beat the Philadelphian in a return match.

There were no knockdowns, but both fighters were shaken up and both were bleeding.

Eastern League

SCHENECTADY, N.Y. (AP)—The

Allentown Redbirds and Schenectady Blue Jays were running neck and neck in the Eastern League playoff race today, as the teams moved into Schenectady for a two-day stand.

The Redbirds evened the series at a game apiece last night, by downing the Blue Jays at Allentown 7-4 in the second game of the best-of-five final series. To do it the Birds had to choke off a desperate ninth-inning rally in which the Jays scored three runs and left the bases loaded.

Allentown peeked away at four Schenectady pitchers, with starter Don Erickson taking the loss. The winning hurler was southpaw Billy Smith, who had what looked like a comfortable 7-1 lead going into the final inning.

But then he seemed to fall apart, and Sonny Senerchia took over. In another league development yesterday, Tom McCaffrey, owner of the Albany Senators, announced that his team would remain in Albany next year. There had been some question whether the cellar-dwelling club, which is reported to have lost money for six straight years, would remain in the capital city another season.

CUBAN BOXER BEATS WILSON

NEW YORK (AP)—Isaac Logart,

a young Cuban welterweight from Kid Gavilan's hometown of Camaguey, is making rapid strides in taking over as the boxing idol of New York's Latin-American set.

The 22-year-old speed merchant soundly drubbed Al (Sugar) Tyson of Englewood, N.J., in a telecast 10-rounder at St. Nicholas Arena last night.

Like the Gavilan of seven or eight years ago, Logart is a fast, flashy puncher, speedy afoot, and solid-chinned. He even wears high white boxing shoes like The Kid does and has Gavilan's former trainer, Mendio Medina.

After the first four rounds with Wilson, Logart took full charge of his tall, skinny rival. He had him bleeding from the nose and hurting all over from his rapid-fire attack.

The votes for Logart were: referee Pete Della 6-3-1, Judge Harold Barnes, 9-1 and Judge Al Singer, 8-2. The AP had him ahead, 7-3.

Logart weighed 145½ to Wilson's 147. It was Logart's 38th victory against five defeats. Wilson's record now is 25-15-2.

ARIZONA GRID STAR WILL BE "SPOT" PLAYER

TUSCON, Ariz. (AP)—Arizona's

Art Luppino should be a better football player this fall than last year when he topped the nation in seven departments. But he'll spend more time on the bench.

Sounds crazy? Sure, but coach Warren Woodson has good reason for the idea.

Says Woodson: "Luppino will be a marked man in every game. We'll have to protect him. We'll be careful how we play him."

Statistically the 175-pound junior tailback from La Jolla, Calif., was the No. 1 player in the nation last year. Here's what he did:

1—Led the nation in rushing. His 1,359 yards was the most ever made by a Sophomore.

2—Set a modern scoring record with 166 points, fourth highest in all gridiron history.

3—Established a modern mark with 24 touchdowns. His 21 touchdowns by running was also a modern record.

4—Topped the nation in kick run-backs. His total of 700 yards was exceeded only once. His average run-back was second best in history.

5—Averaged 31.6 yards running back 20 kickoffs, an all-time record for this many attempts.

6—Made an all-time record by averaging 38 yards per try in a single game.

7—Carried the ball more than any other player, 179 times. His average of 7.59 yards per carry was the third highest ever made by a rushing champ.

For good measure Luppino was awarded the Nils (Sve) Nelson Sportsmanship award presented annually by the Boston, Mass., Gridiron Club.

New Marks Unlikely
Woodson is probably playing it safe by predicting his 20-year-old star won't shine as brightly. Even so he adds, "he could blast for more long runs for touchdowns. I don't look for him to make any records, but he could."

The coach then adds: "I don't criticize our opponents for trying to stop Luppino. Some of these teams will have two of their best defensive men on him believing if they stop Luppino they stop our offense."

"Luppino will be a more valuable all-around player," the coach predicted. "His blocking and tackling are better. He's better defensively. He will be a better team player."

Luppino lettered as a dash man on the Arizona track team last year, and should be faster.

YOVICSIN WILL NOT FORECAST BULLET HOPES

Gettysburg College Football

Coach John Yovicsin refused to predict how the Bullets will fare this year in the annual gridiron preview before the Gettysburg Lions Club Monday evening at the Shetter House.

The Gettysburg High School coaching staff and Gettysburg College Trainer Romeo Capozzi were also guests of the Lions.

Yovicsin, after stating, "I don't know how we'll be," reviewed the daily schedule of a two-hour practice session in the morning, lunch, one-half hour classroom meeting, two more hours of practice, supper, another half-hour meeting and to bed by 10 p.m. This schedule will be followed until Friday when school begins. It will be abbreviated to the afternoon two-hour practice and occasional evening meetings.

Pleased With Practice

"We coaches are pleased with the practice," the Bullet head mentor stated. "The squad started with 46 men. We now have 41. Although it is a veteran squad, our greatest need is to find two guards, a reserve center, and tackles. If we fill these posts we should have a very interesting season."

Yovicsin said that plans for the balance of the week included a scrimmage at Shippensburg at 2:30 o'clock this afternoon and a scrimmage with Temple here Saturday afternoon at 2 o'clock. He invited the group to watch the latter.

Ready For Bucknell

"Since the opening practice," Yovicsin stated, "all of our thinking has been toward beating Bucknell. Our boys have worked and our coaching staff has gone all out in preparation. We will be ready."

George S. Fomey, athletic director of Gettysburg High School, asked the Lions to encourage boys by talking to them and making them feel that they should play football. "That's our only method of recruiting football players," he added.

Howard G. Shoemaker, Gettysburg High School coach, said that he was well pleased with the way his team played in its 13-12 loss to Westminster Friday night. "Our team was very much undermanned, but our boys did a splendid job."

The Tribune reported also that Levy asked Federal Judge John W. Murphy to recall the March term grand jury on Sept. 27, and that he said further that he would need the October term grand jury, which is scheduled to convene on Oct. 3.

The Tribune said Levy had no comment on his reason for asking the recall of the March term grand jury six days before the convening of a new jury.

SAYS FBI PROBES ARMY DEPOT

SCRANTON, Pa. (AP)—The Scranton

Tribune said today that the FBI is investigating "certain activities" at the 24 million dollar U.S. Army signal corps depot at nearby Tobyhanna, and that further inquiry is expected by a federal grand jury.

The newspaper said that U.S. Atty. J. Julius Levy, in response to questions, had only a terse "absolutely no comment" by way of reply. But the Tribune said it learned from other sources that special agents have been investigating matters concerning the depot for the last few months. The nature of these matters was not specified.

The Tribune reported also that Levy asked Federal Judge John W. Murphy to recall the March term grand jury on Sept. 27, and that he said further that he would need the October term grand jury, which is scheduled to convene on Oct. 3.

The Tribune said Levy had no comment on his reason for asking the recall of the March term grand jury six days before the convening of a new jury.

Of the 39 out for football, 14 are seniors, nine juniors and 16 sophomores. Coach Shoemaker also stated that many of his players must learn two positions, "which is a tremendous task," he added. "A little encouragement will help a great deal."

Other guests from the high school were: Ray Ellis, Don Bickel, Ned Brownley and Don Tzannal.

Athletic Director Henry T. Bream of Gettysburg College said that Gettysburg and Bucknell will meet in the Roanoke Bowl game at Hershey, Saturday night, October 1, at 8:30 o'clock. Admission prices are \$2.50 for reserved seats, \$1.50 for general admission.

Leon President Earl Zetler announced a meeting of District 14C of which Gettysburg is a part, will be held November 16 at North York; the annual Gettysburg Lions Broom sale will be held Monday, Sept. 26; the Lions and their ladies will hold a meeting Tuesday, Oct. 4, at Allentown, Berks Springs, where they will see "Oh, Men, Oh Women!" The Lions will tour the Inductive Equipment building next Monday.

The group approved the budget for 1955-56 which was submitted by chairman Gordon Webster.

Guests for the evening were Gerald Roth and Ray Clair, Penn State University undergraduates who are studying teaching at Gettysburg High School, and Fred Baker, who coached the Lions entry in the Little League Baseball tournament.

Indians Hope To Conquer Washington Jinx Tonight In First Two Of 3 Games

By ED WILKS
The Associated Press

Can Cleveland's 15-game lead survive the Washington jinx? That's the next question in the American League pennant quiz—and the flag may be riding on the answer.

The Indians look as if they may have packed away the pennant when they came from behind to earn a double-header split Sunday against the second-place New York Yankees, but Tribe Manager Al Lopez remains cautious. He's not predicting a thing "until after tonight's two games at Washington."

"If we get by Washington," says Lopez, "we ought to be in an excellent position, although it still won't be a cinch. I still think it will be real tough all the way."

It's a crazy race that puts the spotlight on a three-game set between the leaders and the seventh-place club. But that's the way the race has been since the All-Star game break—just plain crazy.

Win 12 Of 19
The Senators, a whopping 36 games behind, somehow have managed to take five straight from the Indians while whipping them in 12 of 19 games so far. No other club has an edge over the Tribe this season.

Oddly enough, another second-division club, fifth-place Detroit, also threatens the Indians, who have lost one game less than the Yankees with 11 games to play. Detroit fills up six of the remaining dates.

The Tigers also could raise a fuss with the Yanks as they wind up the '55 series against New York with a two-game set starting this afternoon.

Two Double Headers
Third-place Chicago, still hopeful though 3½ games back, has two doubleheaders against Baltimore tonight and tomorrow. And fourth-place Boston, reduced to a spoiler's roll with seven games remaining against New York, plays an afternoon doubleheader against Kansas City.

Lopez again is throwing his best against Washington, choosing Bob Lemon (17-8) and Mike Garcia (10-12) tonight. Maury McDermott (9-9) teams with Bob (10-16) Porterfield for the Senators.

The Yankees, who with Chicago have 12 games remaining, go behind Bob Turley (15-13) today against Detroit's Bob Miller, a 20-year-old bonus guy just back from the minors.

Chicago has Jack Harshman (10-7) and Virgil Trucks (13-7) ready for the last-place Orioles. They'll face Ray Moore (7-10) and Erv Palica (5-11).

So Gold, also of the Little Valley Ranch, was awarded third place honors in the Western stock horse class.

ARIZONA GRID STAR WILL BE "SPOT" PLAYER

TUSCON, Ariz. (AP)—Arizona's Art Luppino should be a better football player this fall than last year when he topped the nation in seven departments. But he'll spend more time on the bench.

Sounds crazy? Sure, but coach Warren Woodson has good reason for the idea.

Says Woodson: "Luppino will be a marked man in every game. We'll have to protect him. We'll be careful how we play him."

Statistically the 175-pound junior tailback from La Jolla, Calif., was the No. 1 player in the nation last year. Here's what he did:

1—Led the nation in rushing. His 1,359 yards was the most ever made by a Sophomore.

2—Set a modern scoring record with 166 points, fourth highest in all gridiron history.

3—Established a modern mark with 24 touchdowns. His 21 touchdowns by running was also a modern record.

4—Topped the nation in kick run-backs. His total of 700 yards was exceeded only once. His average run-back was second best in history.

5—Averaged 31.6 yards running back 20 kickoffs, an all-time record for this many attempts.

6—Made an all-time record by averaging 38 yards per try in a single game.

7—Carried the ball more than any other player, 179 times. His average of 7.59 yards per carry was the third highest ever made by a rushing champ.

For good measure Luppino was awarded the Nils (Sve) Nelson Sportsmanship award presented annually by the Boston, Mass., Gridiron Club.

New Marks Unlikely

Woodson is probably playing it safe by predicting his 20-year-old star won't shine as brightly. Even so he adds, "he could blast for more long runs for touchdowns. I don't look for him to make any records, but he could."

The coach then adds: "I don't criticize our opponents for trying to stop Luppino. Some of these teams will have two of their best defensive men on him believing if they stop Luppino they stop our offense."

"Luppino will be a more valuable all-around player," the coach predicted. "His blocking and tackling are better. He's better defensively. He will be a better team player."

Luppino lettered as a dash man on the Arizona track team last year, and should be faster.

Arizona will have a stronger starting line this season. That should help him.

Luppino has taken the national publicity that has come his way in stride. The other players are pulling and working for him. That should also help.

SAYS FBI PROBES ARMY DEPOT

SCRANTON, Pa. (AP)—The Scranton Tribune said today that the FBI is investigating "certain activities" at the 24 million dollar U.S. Army signal corps depot at nearby Tobyhanna, and that further inquiry is expected by a federal grand jury.

The newspaper said that U.S. Atty. J. Julius Levy, in response to questions, had only a terse "absolutely no comment" by way of reply. But the Tribune said it learned from other sources that special agents have been investigating matters concerning the depot for the last few months. The nature of these matters was not specified.

The Tribune reported also that Levy asked Federal Judge John W. Murphy to recall the March term grand jury on Sept. 27, and that he said further that he would need the October term grand jury, which is scheduled to convene on Oct. 3.

The Tribune said Levy had no comment on his reason for asking the recall of the March term grand jury six days before the convening of a new jury.

LEGION HEARS

An invitation to take part in a Veterans' Day parade at Chambersburg, November 11 at 2:30 p.m. was accepted, with the Honor Guard planning to represent the post in the procession. The Honor Guard will also take part in the annual Veterans' Day programs held by the Legion in the high school here on the morning of November 11.

Among visiting Legion officials introduced at the meeting were: Earl Sollenberger, York, past district commander, now state director of internal organization for the American Legion; Russell Hamme, Shiloh, deputy district commander; Myron Bowers, Chambersburg, deputy district commander; George L. Brady, York, deputy district commander; Ralph Ruggles, Littlestown, deputy district commander. Others introduced were Commander Horn of the Chambersburg post who extended the invitation for the local Legionnaires to take part in the parade there and Monroe Staveland, a member of the Littlestown Legion Post.

Plane Crashes In Cemetery; 6 Killed

UNIONDALE, N.Y. (AP)—Six men were killed today when a B25 crashed into a cemetery here five minutes after taking off from nearby Mitchell Air Force base on Long Island.

Three of the victims were crew members and three were passengers.

An eyewitness said two bodies were thrown out of the plane when it crashed and exploded in Greenfield Cemetery.

The twin-engine B25 developed engine trouble after a takeoff and was trying to return to base when it crashed, an Air Force public information officer said.

Names of the dead were withheld pending notification of next of kin.

YOVICIN WILL NOT FORECAST BULLET HOPES

Gettysburg College Football Coach John Yovicin refused to predict how the Bullets will fare this year in the annual gridiron preview before the Gettysburg Lions Club Monday evening at the Shetter House.

The Gettysburg High School coaching staff and Gettysburg College Trainer Romeo Capozzi were also guests of the Lions.

Yovicin, after stating, "I don't know how we'll be," reviewed the daily schedule of a two-hour practice session in the morning, lunch, one-half hour classroom meeting, two more hours of practice, supper, another half-hour meeting and to bed by 10 p.m. This schedule will be followed until Friday when school begins. It will be abbreviated to the afternoon two-hour practice and occasional evening meetings.

Played With Practice
"We coaches are pleased with the practice," the Bullet head mentor stated. "The squad started with 46 men. We now have 41. Although it is a veteran squad, our greatest need is to find two guards, a reserve center, and tackles. If we fill these posts we should have a very interesting season."

Yovicin said that plans for the balance of the week included a scrimmage at Shippensburg at 2:30 o'clock this afternoon and a scrimmage with Temple here Saturday afternoon at 2 o'clock. He invited the group to watch the latter.

Ready For Bucknell

"Since the opening practice," Yovicin stated, "all of our thinking has been toward beating Bucknell. Our boys have worked and our coaching staff has gone all out in preparation. We will be ready."

George S. Forney, athletic director of Gettysburg High School, asked the Lions to encourage boys by talking to them and making them feel that they should play football. "That's our only method of recruiting football players," he added.

Howard G. Shoemaker, Gettysburg High School coach, said that he was well pleased with the way his team played in its 13-12 loss to Westminster Friday night. "Our team was very much undermanned, but our boys did a splendid job."

The Warrior mentor revealed that Gettysburg High School had 41 out for football last year and expected 32 of them back this year. Twelve were lost because of failure to keep up with their studies, transferring to other high schools, or stopping school. "That has hurt us quite a bit," he stated.

Play Two Positions

Of the 39 out for football, 14 are seniors, nine juniors and 16 sophomores. Coach Shoemaker also stated that many of his players must learn two positions, "which is a tremendous task." He added, "A little encouragement will help a great deal."

Other guests from the high school were: Ray Ellis, Don Bickel, Ned Brownlee and Don Tiziani.

Athletic Director Henry T. Bream of Gettysburg College said that Gettysburg and Bucknell will meet in the Rotary Bowl game at Hershey, Saturday night, October 1, at 8:30 o'clock. Admission prices are \$2.50 for reserved seats, \$1.50 for general admission.

Lion President Earl Ziegler announced a meeting of District 14C, of which Gettysburg is a part, will be held November 16 at North York; the annual Gettysburg Lions Broom sale will be held Monday, Sept. 26; the Lions and their ladies will hold a meeting Tuesday, Oct. 4, at Allentown; Bowling Springs, where they will see "Oh, Men, Oh Women." The Lions will tour the Inductive Equipment building next Monday.

The group approved the budget for 1955-56 which was submitted by Chairman Gordon Webster.

Guests for the evening were Gerald Roth and Ray Clair, Penn State University undergraduates who are students teaching at Gettysburg High School, and Fred Baker, who coached the Lions entry in the Little League Baseball.

BURBANK, Calif. (AP)—A big head is keeping tackle George Nelson out of football scrimmages at Burbank High School. The 235-pounder needs a size 8½ helmet. Coach Hamilton Lloyd says no local sporting goods stores can supply one. Until a manufacturer turns one out, Nelson sits on the bench.

Cockell, Valdes To Fight Tonight

LONDON (AP)—Don Cockell of England, making his first appearance since being laid low by heavyweight champ Rocky Marciano, was a 4-5 underdog in a comeback bid against Cuba's Nino Valdes at White City Stadium tonight.

Valdes will be trying to regain some prestige, too. He lost his chance for a possible title fight while taking successive thumpings from light-heavy champion Archie Moore and Bob Satterfield.

Cockell, now ranked No. 4 among the contenders, was stopped in the ninth round of his championship fight with Marciano May 16 in

Today's Talk

TO GO ON WITH
Robert Frost, in his commencement address this year at Dartmouth College, said that the student left college taking with him "something to go on with." The purpose of all life is growth, increasing power and influence. If we always have something to go on with, we can dismiss all anxiety and worry.

Success is largely a matter of education, of adapting oneself to conditions as they are, and not getting all fussed up over things that somehow adjust themselves in time. What became of the worries you had a year ago? You can't even recall what they were! Another thing — it is important that we keep going on with ideas. Time will prove their worth. Ideas have to grow up the same as a boy. And it is by feeding from many hands that these ideas become giants! Edison liked to work on an invention only up to the point where someone else could take it up and develop it. Then he wanted to take up something new and work that out. Edison always had something in his mind "to go on with."

There is movement in everything alive with molecules. This movement is essential to life. This body of ours thrives best with activity, exercise, and change. By traveling with an idea you do not lose it, but stay with it and watch it grow with your own guidance. And the longer you father an idea the more it gives you pride in its development.

We all have a certain restlessness — wanting to go somewhere or do something different. It's a healthy condition in which to be. We carry experiences ever with us, so perhaps to give us guidance in those things that we may select "to go on with."

That little word "with" is one that we should make our own — and travel with an idea, plan, or good movement, not against it. There is power where there are co-operation and universal understanding. If we go on with civilization, and seek to add to it and improve it, we have served well.

Tomorrow Mr. Adams will talk on the subject: "A Spider's Web". Protected, 1955, George Matthew Adams Service

Just Folks
DOWNWARD TRIPS

At last he rose to wealth and fame.
But found it lonely at the top.
For no one uninvited came.
Or at his doorway thought to stop.
So frequently he wandered down
To be with friends he'd left in town.

He missed the ones he long had known
With whom he used to sit and chat.
He didn't like to dine alone;
Said he: "I've had enough of that."
It's lonesome in a place like this.
The fun I used to have I miss.

"No one comes now to tell a jest
Or thinks a need of mine to share.
That life would change I never guessed
When I was still among them there.
So down, from time to time,
I go.
To be with friends I left below."

FIRE DESTROYS 5 BUILDINGS HIT BY FLOOD

CUMBERLAND RIVER — Five big industrial buildings on the banks of the Cumberland River were destroyed last night by flames that roared uncontrollably until there was nothing left to burn.

Loss was estimated unofficially at five million dollars. Fire officials are reluctant to estimate the damage officially until surveys of the buildings are listed. However, firefighters said, "It looks like the damage will reach five million dollars."

Nearly 600 employees fled from burning structures, unharmed. One fire fighter was injured and required hospitalization. Two of the buildings were occupied by the Royal Electric Co. A third was used as a storage warehouse by the Owens Corning Fiberglass Corp. The others were occupied by the Atlantic Wool Combining Co. and the Allen Wool Waste Co.

The plants suffered heavy damage in last month's flood and only recently resumed operations. An estimated 2,000 persons will be idle.

Fire fighters and equipment came from all over northern Rhode Island and many parts of southeastern Massachusetts to combat the wind-whipped flames.

Five hours after the blaze was discovered, Cumberland Fire Chief Samuel Angell reported the fire was under control with the comment: "There is nothing left to burn."

Two of the buildings were on the Cumberland side of the Blackstone. The flames leaped 100 feet across the river to consume the others.

Fire officials said the blaze might have been caused by spontaneous combustion in a pile of flood debris.

SCHOOL OPENING DELAYED AGAIN

SCRANTON, Pa. (AP)—The opening of public schools in Scranton and neighboring Dunmore—already delayed a week—has been put off indefinitely because of hazards caused by water still contaminated from the August floods.

The Scranton school board, on the recommendation of Richard F. McNichols, superintendent, last night approved a further delay beyond Sept. 14. The original opening date was Sept. 7.

Scranton's action was followed immediately by a similar decision in Dunmore, which was announced by John Quinn, president of the school board.

At least one parochial school in Scranton—St. Paul's—also will be closed until the quality of the water improves.

The delays affect about 30,000 pupils all told in the two places.

It was announced also that flood conditions had caused delays up to a week in the opening of classes at Marywood College and seminary. As rescheduled, the college classes will start on Sept. 26, the ones at the seminary on Sept. 21.

PHILADELPHIA (AP)—An unidentified man was found on a vacant lot near the Schuylkill Arsenal today apparently shot to death and the body driven to the spot where it was discovered.

Det. Alexander Clark said marks on the ground indicated the man had been dragged from a nearby road, where tire marks also were visible.

ROCKET EXPERT IS DEPORTED

LOS ANGELES (AP)—One of the world's foremost rocket experts, Dr. Hsue-shen Tsien, head of the nonmilitary jet propulsion center at California Institute of Technology, will leave for Red China Friday under a deportation order.

Immigration officials said the order alleged that Dr. Tsien was a member of the Communist party before he entered the United States in 1936. He was granted a permanent residence permit in 1947.

Robert Robinson, acting officer in charge of the Immigration Service here, said yesterday that in leaving the United States, Dr. Tsien would, in effect, be deporting himself.

Friends of the Chinese said, however, that he was bitter against the United States for first ordering his deportation and later refusing him permission to leave the country for five years. The ban on his leaving was lifted last Aug. 4 and Dr. Tsien resigned from Caltech shortly thereafter.

DIED NATURAL DEATH
PHILADELPHIA (AP)—Police say a man at first believed to have been shot to death and dumped on a lot near the Schuylkill Arsenal in South Philadelphia, actually died from natural causes.

The unidentified man, a Negro about 40 years old, was found on the vacant lot yesterday. Police said cuts on his face and marks on the ground led them to believe he had been shot and the body dragged from a nearby road.

But Dr. Frank G. Glauser, Health Department pathologist, said the man suffered from cancer and pneumonia.

SAYS PENTAGON HAS ROOM FOR IMPROVEMENT

By ROWLAND EVANS JR.
WASHINGTON (AP)—Sen. Stennis (D-Miss.) said today, "There definitely is room for improvement in the administration of the Pentagon."

Stennis is a member of the Senate Preparedness Subcommittee which has issued its first report on an investigation of the nation's air power. The report, which carried no analysis or conclusions, listed statistics on profits earned by 21 major airplane manufacturers since 1942.

Stennis said the investigation "is going to continue for several months into next year." He cautioned the administration against "taking priority to the goal of a balanced budget ahead of military preparedness."

Probe Air Planes
The subcommittee, headed by Sen. Lyndon B. Johnson (D-Texas), made its report to the full Armed Services Committee headed by Sen. Russell (D-Ga.). It was made public along with a separate statement by Johnson and a letter he wrote to Russell.

Those indicated that the subcommittee will delve deeply into all phases of the nation's air preparedness.

The statistical report showed that last year the 21 companies earned a combined net profit, after taxes, of \$231,180,000, or 3.8 per cent of sales.

Measured against net worth, the companies' net profits were listed at 29.4 per cent after taxes.

FLORIDA FACES STORM THREAT

MIAMI, Fla. (AP)—Hurricane Hilda drifted toward the Bahamas today and offered a potential threat to the Florida east coast.

At 5 a. m. EST Hilda was about 75 miles southwest of Turks Island and 700 miles southeast of Miami. She was moving toward the west-northwest at about 12 m.p.h. and was expected to continue in that general direction but with a forward speed up to 14 miles throughout most of the day.

A gradual increase in intensity was also expected.

Hilda, eighth tropical storm of the year, had hurricane winds over a small area near the center and gale winds 125 miles in the northern and 80 miles in the southern semicircle.

Highest overnight winds at Turks Island were 60 m.p.h.

Hilda was expected to pass over Great Inagua about noon and then to sweep into the ragged Islands tonight.

11 WOMEN SEEK LEGISLATION ON HORROR COMICS

HARRISBURG (AP)—The latest in a series of bills to ban horror comics in Pennsylvania was before the House today under the sponsorship of that chamber's 11 women members.

The bill, drafted with the help of the Justice Department, would outlaw the sale, attempting to sell, exhibiting, possessing with intent to sell or giving away or in any way furnishing a person under 18 with the horror comics.

The first comic bill measure reached the floor of the House on Feb. 15 but none of the plans has come up for a vote.

Rep. Reading, Democratic floor leader, said the new bill will be sent to the Judiciary Committee where Chairman Lopresti (D-Cambria) predicted speedy committee consideration and approval of the bill.

Define Horror Comics

Horror comics would be defined in the new measure as any that give an account of or depict in drawings these crimes: aggravated assault and battery, assault with drugs, rape, murder, assault with intent to maim, administering drugs, rape, murder, assault with intent to ravish, burglary, larceny and arson.

The penalty provision calls for a fine of up to \$500 or a year in prison or both.

The 11 women representatives introduced an identical bill on May 24 after months of indecision on earlier horror comics proposals. That one was referred to the Child Care Committee.

Other Measures

Other bills introduced last night would:

Permit provisional civil service appointments for six months rather than 90 days.

Place the director of the State Civil Service Commission under the merit system.

Authorize the Property and Supplies Department to sell state auto when "it deems it is in the public interest to do so."

Spell out when the Welfare Department could revoke or refuse to grant a state license to homes for the aged.

Create a six-member apprenticeship council in the Labor and Industry Department to encourage development of an apprenticeship system and aid in the maintenance of an adequate skilled labor force.

Appropriate three million dollars for the health department.

Permit aliens to obtain state fishing licenses.

Hialeah's racing strip has been covered with hay and planted in vegetables for the off-season. This prevents erosion and puts minerals back into the soil.

Seek 375 More State Policemen

HARRISBURG (AP)—The maximum number of state policemen in Pennsylvania would be increased by 375 under a bill submitted to the Senate yesterday.

The measure, introduced by Sen. Wade (R-Cumberland) would allow the state police force to increase its numbers from 1,900 to 2,275.

Other bills introduced yesterday would:

Include registers of wills of the commonwealth under the state employees' retirement law. McGinnis (D-Allegheny) and Blass (R-Erie).

Allow non-profit organizations to gain permits for serving beer at organization picnics on six separate days in each year. The permits would cost \$50. McMenamin (D-Lackawanna).

ball, with the recommendation that she be placed in a mental hospital until she is fit to face her accusers. Her attorney and physician agreed to the recommendation and said she would be placed in an institution soon.

Three psychiatrists, two of them appointed by the state, agreed at the brief, tense hearing that the 49-year-old mother of Mrs. Ostreicher, young heiress who married a policeman, was in no state to testify.

Mrs. Ostreicher, 22, a bride of two months, died the night of Aug. 24.

Mother and daughter were together in the Schwartz apartment on the night of the girl's death.

Married Cop

Last June the daughter of Herman R. Silver, Food Fair vice president, married Earl Ostreicher, member of a well-to-do Chicago family employed as a motorcycle policeman in Miami Beach, Fla.

They eloped to Folkston, Ga., breaking the news to their families later. Ostreicher said that his family rejoiced, but that his bride's family, especially her mother, bitterly opposed the union. Two weeks before her death Mrs. Ostreicher came back to Philadelphia alone, hopeful, her husband said, of reconciling her parents to the marriage.

Mrs. Silver entered the packed hearing room yesterday in a spasm of weeping. Haggard, unmindful of the spectators, she was supported by her sorrowing husband and a family physician. Later she sat dully, her head bowed and her shoulders slumped as if in a trance. Her husband tried to comfort her by stroking her hands. Once or twice he kissed her on the forehead. She seemed not to notice.

Lawyers Wrangle

Her lawyer Thomas D. McBride asked the magistrate to set bail, permit the defendant to go home and "allow me to face her accusers for her."

The district attorney was on his

feet in an instant with an objection.

"The commonwealth wants this defendant to be able to face her accusers and not have someone else standing for her."

Dash, McBride and the magistrate settled upon a course which permitted two court-appointed psychiatrists to examine Mrs. Silver at once in chambers.

These two specialists, Dr. Vincent Lathbury and George Wilson of Philadelphia General Hospital's psychiatric staff, told the magistrate they shared the opinion of Mrs. Silver's personal physician Dr. Abraham Ornstein that she could not comprehend what was going on.

HARRISBURG (AP)—Republican and Democratic legislative leaders agreed today to study a state budget analysis by the non-partisan Pennsylvania Economy League as a basis for solving the commonwealth's fiscal problems.

At a meeting with Gov. Leader, top House and Senate leaders set next Monday to study the league's figures on Pennsylvania's budget needs.

BRISTOL, Conn. (AP)—When Frank J. Reynolds appeared in City Court to answer to a charge that he'd slapped a boy's face, Prosecutor Joseph M. Donovan asked that the case be dismissed.

"The boy squirted a water pistol in the defendant's face," Donovan explained.

SENATOR KERR ATTACKS IKE

WASHINGTON (AP)—Sen. Kerr (D-Okla.) said today that President Eisenhower is "acting more like a candidate and less like a statesman every day."

Kerr said Eisenhower's observation Sunday in Denver that older folks are being required to retire too early indicates to him the President is thinking about running again.

Sen. Jenner (R-Ind.) said in a separate interview he gained something of the same sort of impression from the President's remarks. Eisenhower, who will be 65 Oct. 14, has given no public indication of his 1956 plans.

"Everyone is going on the assumption that he will be a candidate," Jenner said. "He'll have to run unless, of course, something happens to his health."

Kerr, who bid unsuccessfully for the 1952 Democratic presidential nomination, said the Democrats don't believe Eisenhower is as politically invulnerable as some Republicans seem to think.

"We'll beat him, or anybody else the Republicans put up, with the right kind of farm program," Kerr declared.

Fertilize Pasture And Hay In Fall To Help Plants Over Winter, County Agent Says

By FRANK S. ZETTEL

Adams County Farm Agent

Fertilizing hay and pasture fields early in the fall has several distinct advantages. First, fertilizer applied at this time of year will strengthen the root system and help the plants withstand hard winters. Secondly, fields are dry enough now so that machinery will not cut up the fields, and third, fields injured by drought will recover more quickly.

If you are in doubt about what fertilizer to apply, secure soil sample mailing boxes for a complete soil test from our office. Otherwise, topdress legume-grass fields as soon as possible with 400 lbs per acre of 0-15-30 or 0-20-20 fertilizer.

Maintain Poultry Production

Government figure and the reports from hatcherymen and feed men show that fewer pullets were started in 1955 than have been started for several years. These figures indicate there may be a shortage of laying hens some time after late summer or the fall of 1955. Perhaps poultrymen are intending to keep more yearling hens over for their second year of production during 1956 than are kept over normally.

How can these older birds be kept in production during the late summer and fall? First, be sure to keep lice and mites under control. Perhaps there is only a mild lice infestation on layers in the spring but when the weather gets hot, they reproduce rapidly, and the birds can become badly infested. Lice and mites can throw birds out of production.

Hot weather is another factor that can throw birds out of production. Opening up the houses and having as much summer ventilation as possible.

ICE CUBE TEST WAS NEW THREAT IN PEACETIME

By JULIUS GOLDEN

ALBUQUERQUE (AP)—A scientist said today that a "shrewd opponent" could wage an ice cube test war against this country with intercontinental projectiles made of ice.

The object of the ice missile would be to determine effectiveness of range for a more deadly missile.

Dr. Lincoln La Paz, director of the University of New Mexico's Institute of Meteoritics, the only one of its kind in the Western world, said:

Leave No Trace

"In range-testing intercontinental ballistic missiles in peacetime, a shrewd opponent for obvious reasons would seek to employ test objects leaving no tangible trace of their existence or use."

"It is for this reason that since 1948, representatives of the Institute of Meteoritics have habitually asked observers of the yellow-green fireballs and other anomalous luminous phenomenon whether or not pieces of ice or drops of water were detected falling from the sky at the time of the observed incident."

Some observers have reported drops of water.

Check With Radar

La Paz said an ice projectile could be shot from a plane at high altitude many miles away from the United States. Moving at sufficiently high speed, "it would appear from the ground much like a meteor or a shooting star."

The ice projectile, melting rapidly as it shot through the atmosphere, then would be photographed or traced by radar. On a photograph, it would look like any other meteor—a long string of light. The opponent then would have a fair idea of where the real thing would hit.

And the United States would be left with a puddle of water or a small piece of melting ice as the only trace of the test projectile.

REDUCING EASY

SCIENCE NOW HELPS YOU TAKE OFF YOUR FAT WHILE YOU EAT THE FOODS YOU CHOOSE

FRIENDS! Let Me Ask You a Simple Question

Are you too fat because you eat too much? Would you like to lose fat but you just can't control your appetite and like to eat too much of the wrong kind of food? Do you like sweets, candy, cake and are you a real glutton when it comes to butter, gravy, potatoes? Have you tried one thing after another to reduce, spent dollar after dollar for pills and tablets and in spite of everything you've tried you're still too fat?

AT LAST! A CAPSULE THAT EQUALS A MEAL OF VITAMINS, MINERALS AND BULK

Just recently a well known scientist perfected a new tiny capsule that combines not one but ALL THE RECOGNIZED proven aids to reducing he found in all the advertised products offered today. It contains the concentrated proteins you've read and heard about. It combines the vitamins and minerals often lost when cutting off fattening foods containing these needed vitamins and minerals. It combines the vegetable cellulose that has no calories yet expands when it absorbs water, thereby helping to give the feeling of a full contented stomach. Yet these tiny new capsules contain not just one but ALL the drugs reducing aids he found to be needed to actually automatically make you eat less without conscious effort and like it! In fact, these tiny capsules are so packed with vitamins and minerals, protein and non-calorie filling food, they actually equal and exceed many a meal!

Counterfeit Manager Yes, All-In-One Reducing Capsules are as filling, as hunger satisfying, as rich in vitamins, minerals and fat consuming protein as many a meal. When you take All-In-One Reducing Capsules, you not only don't want to eat, but you also get the very vitamins, minerals and fat consuming protein you need for health, for energy, for rich, red blood, for that wonderful feeling that comes from eating a delicious, satisfying meal of well-chosen food.

no SPACE problem... with an ELECTRIC water heater

Only a modern Electric Water Heater gives you complete freedom of location in your home. The reason? Because an electric heater needs no flue connection. You can put it anywhere, upstairs or down. You can place it so that only short pipe runs are needed to take the hot water to kitchen, bath or laundry. That way you get hot water almost as soon as the faucet is turned. There is no wasteful heat loss from long runs.

The electric heater is so clean and attractive you can install it in almost any room. Put it in the playroom if you like. The children can put their hands on it anywhere without a particle of danger.

Whether your family is large or small, you'll find electric water heating economical, safe and so much more convenient. Your dealer can prove it to you... see your dealer or plumber now.

Dent Says GOP Wants To Make Political Capital Out Of Long State Tax Impasse

HARRISBURG (P)—Senate Democrats today questioned the motive behind a Republican move bringing 276 million dollars in business taxes out of a pincushion after 7½ months of inaction.

Sen. Dent, Senate Democratic floor leader, welcomed the action of the GOP-controlled Senate Finance Committee in approving renewal of the business levies for another two years.

"But I question the Republican motives," he told a newsmen.

Political Capital
"This looks like they want us to be given the right to borrow more money so that the date for final adjournment can be put off longer and longer."

It was his opinion, Dent said, that the GOP wants to make "political capital" out of the long tax impasse.

"They'll do everything short of an actual breakdown of government to embarrass us," he said. "But it's their responsibility."

Approves Levies
The Finance Committee approved the levies last night after holding the measures since Feb. 1 when they passed the House.

The bills would:
1. Renew the 5 per cent corporate net income tax for another two years to yield 237 millions.

2. Re-enact for another two years the six-mill temporary aspect of the 14-mill gross receipts tax on public utilities to yield 11 millions.

Postpone Exemption
3. Postpone for another two years the manufacturers' exemption from the 5-mill capital stock tax to bring in 28 millions.

Each of these levies is a so-called "temporary" tax that has been renewed every two years for as long as 20 years.

Meanwhile, the House last night received the long-awaited proposal for a state tax on underground storage of natural gas to raise 3 million dollars.

Approved By Leader
The levy, first proposed by Gov. Leader last April and never presented to the Legislature, would be at the rate of a cent for each 1,000 cubic feet of gas stored.

Another legislative development saw the Senate send to a joint House-Senate conference committee the administration's fair employment practices legislation.

Sales Tax Endorsement
Three members from each chamber were named to a group to draft a compromise. Republicans insist on — and Democrats oppose — a

clause which would prohibit job discrimination because of age.

Democrats argue that the age factor should be covered in separate legislation and not included among the race, creed, color or national origin factors.

Another tax development saw three farm organizations endorse a sales tax to solve the commonwealth's tax woes. The groups were the State Council of Farm Organizations, State Grange and the Pennsylvania Assn. of Farmer Co-Operatives.

They didn't specify a rate but said the Ohio system of issuing stamps as a receipt for the sale tax was the best way of collecting the levy.

Ohio Pattern
"The state of Ohio provides an example of a broad base sales tax system that guarantees state solvency encourages industrial growth, assures economical administration and enforcement, and imposes a tax which creates a minimum of resentment and opposition from the individual citizens," said the farm groups in a joint statement.

Republicans already have suggested a 2 per cent sales tax, patterned after the 1 per cent levy which expired Aug. 31, as means of balancing the budget.

The sales tax proposal was coupled with a demand that the budget be cut by 131 million dollars and that revenue estimates from existing taxes be jumped by 76 million dollars.

Await Data
Leader's rejection of this plan and Senate GOP defeat of his classified income tax proposal led to a series of tax compromise conferences.

Such a session yesterday brought only an agreement that the Pennsylvania Economy League should make a report by next Monday on its analysis of the budget.

After these figures are in, both sides can use the material as a basis to resolve disputed budget figures.

The league is a non-profit, non-partisan private agency which has analyzed state and municipal operations with the objective of efficient government. It is financed largely by contributions from large industrial firms.

Alleged \$100 Debt Is In Court Today

CHICAGO (P)—For 20 years the U.S. government has been trying to collect \$100 it says farmer William H. Yearnton borrowed from the Farm Credit Administration.

Federal officials hoped today that the matter finally would be settled. They had a court order to bring Yearnton in.

But Yearnton, 41, says he doesn't understand what the commotion is all about. He says he doesn't remember owing the government anything.

Yearnton's debt—a 1935 emergency crop and feed loan for a farm once operated at Sugar Grove, West of Aurora, Ill.—has risen to 272.56, counting interest and costs, the government says.

And, a Department of Agriculture official said, the government has spent many times the original \$100 debt trying to collect.

CRACKUP IN STOCK CAR RACE

THREE ARE HELD AS SUSPECTS IN HOLDUP OF BANK

HORSEHEADS, N.Y. (P)—Two men and a woman allegedly involved in an attempted holdup of a Pennsylvania bank were being held without bail by authorities here today.

The trio, including a man and wife, were arrested at a gas station yesterday after Pennsylvania police broadcasted a pickup order for them.

State police at the Athens, Pa., substation said they were wanted in connection with an armed holdup attempt at the First National Bank in Ulster, Pa., just south of here across the state line.

Charged by authorities here with carrying a dangerous weapon were: Linwood R. White, 27, of

Shotgun In Car
Police said a sawed-off shotgun believed used in the holdup attempt was found in the trunk of the automobile.

A hearing before Peace Justice Jerry Hayward at nearby Big Flats last night was adjourned until next Tuesday. Hayward ordered them held without bail at the Chemung County jail.

Mrs. Tillie McKee, 52, teller-bookkeeper at the Ulster Bank, said a Negro, who had asked for a deposit slip earlier in the day, returned to the bank shortly after noon yesterday and handed her the deposit slip on which he had writ-

Roaming Elephant Ignores All Lures

CHARLOTTE, N.C. (P)—Vickie, the wandering elephant, continued to play a waiting game today.

Vickie is a 6-year-old female who wandered away from an amusement park Sunday and headed for a wooded area where she remained throughout yesterday.

Her owner, Jack Partlow of Rock Hill, S.C., assisted by police and volunteers whistled, hooted and pleaded for Vickie to come home. The more fervent the pleas, the deeper into the woods Vickie went.

In desperation, Partlow lined the way home with grain, which Vickie loves. Whether it will work, only time will tell.

"KISMET" WILL PLAY HERSHEY

"Kismet," the fabulous musical which opens a week stand at the Hershey Community Theater September 19, is celebrating this year the 60th anniversary of its first incarnation as a stage production in the U. S. The story of the present musical "Kismet" is thirty-four years old and in spite of these antique figures, the musical "Kismet" is as beguiling, probably more so, than any of its predecessors.

The annals of the American theater records a "Kismet" (which means fate) at Boston's Tremont Theater in 1895. Subtitled "Two Tangled Turks," it was billed as a "comic opera" by Gustav Kerker and Richard F. Carroll. This was the same Kerker who later was to gain fame as the composer of "The Belle of New York" and "Madame Sherry," hit musicals which may not even be titles to many theatergoers of today.

The story of the first "Kismet" was not at all like the story of the current musical, but seems to have provided an excellent role for the aforementioned Carroll who concentrated on writing plays to display his ability. The attraction toured for more than a year before settling down at Wallack's Theater in New York on August 12, 1897, the first time that the name "Kismet" appeared on a New York marquee.

The production ran its course, and might have been entirely forgotten had it not been for Edward Knoblock, who immortalized the title in his new play in 1911. "Kismet" starring Otis Skinner opened at the Knickerbocker Theater on December 25, 1911, and played 184 performances before touring for three years.

In 1953 "Kismet" turned up once again, a lavishly beautiful musical, with the Oriental melodies of Alexander Borodin, adapted by Robert Wright and George Forrest. This is the production that will be seen at Hershey next week with a Saturday matinee.

council announced yesterday. The announcement said Govs. George M. Leader of Pennsylvania and J. Caleb Boggs of Delaware have not replied to similar invitations.

11 WOMEN SEEK LEGISLATION ON HORROR COMICS

HARRISBURG (P)—The latest in a series of bills to ban horror comics in Pennsylvania was before the House today under the sponsorship of that chamber's 11 women members.

The bill, drafted with the help of the Justice Department, would outlaw the sale, attempting to sell, exhibiting, possessing with intent to sell or giving away or in any way furnishing a person under 18 with the horror comics.

The first comic bill measure reached the floor of the House on Feb. 15 but none of the plans has come up for a vote.

Rep. Readinger, Democratic floor leader, said the new bill will be sent to the Judiciary Committee where Chairman Lopresti (D-Cambria) predicted speedy committee consideration and approval of the bill.

Define Horror Comics
Horror comics would be defined in the new measure as any that give an account of or depict in drawings these crimes: aggravated assault and battery, assault with drugs, rape, murder, assault with intent to maim, administering drugs, rape, murder, assault with intent to ravish, burglary, larceny and arson.

The penalty provision calls for a fine of up to \$500 or a year in prison or both.

The 11 women representatives introduced an identical bill on May 24 after months of indecision on earlier horror comics proposals. That one was referred to the Child-Care Committee.

Other Measures
Other bills introduced last night would:

Permit provisional civil service appointments for six months rather than 90 days.

Place the director of the State Civil Service Commission under the merit system.

Authorize the Property and Supplies Department to sell state autos when "it deems it is in the public interest to do so."

Spell out when the Welfare Department could revoke or refuse to grant a state license to homes for the aged.

Create a six-member apprenticeship council in the Labor and Industry Department to encourage development of an apprenticeship system and aid in the maintenance of an adequate skilled labor force.

Appropriate three million dollars for the health department.

Permit aliens to obtain state fishing licenses.

Hialeah's racing strip has been covered with hay and planted in vegetables for the off-season. This prevents erosion and puts minerals back into the soil.

Seek 375 More State Policemen

HARRISBURG (P)—The maximum number of state policemen in Pennsylvania would be increased by 375 under a bill submitted to the Senate yesterday.

The measure, introduced by Sen. Wade (R-Cumberland) would allow the state police force to increase its numbers from 1,900 to 2,275.

Other bills introduced yesterday would:

Include register of wills of the commonwealth under the state employees' retirement law. McGinnis (D-Allegheny) and Blas (R-Erie).

Allow non-profit organizations to gain permits for serving beer at organization picnics on six separate days in each year. The permits would cost \$50. McMenamin (D-Lackawanna).

ball, with the recommendation that she be placed in a mental hospital until she is fit to face her accusers. Her attorney and physician agreed to the recommendation and said she would be placed in an institution soon.

Three psychiatrists, two of them appointed by the state, agreed at the brief, tense hearing that the 49-year-old mother of Mrs. Ostreicher, young heiress who married a policeman, was in no state to testify.

Mrs. Ostreicher, 22, a bride of two months, died the night of Aug. 24.

Mother and daughter were together in the Schwartz apartment on the night of the girl's death.

Married Cop
Last June the daughter of Herman R. Silver, Food Fair vice president, married Earl Ostreicher, member of a well-to-do Chicago family employed as a motorcycle policeman in Miami Beach, Fla.

They eloped to Folkston, Ga., breaking the news to their families later. Ostreicher said that his family rejoiced, but that his bride's family, especially her mother, bitterly opposed the union. Two weeks before her death Mrs. Ostreicher came back to Philadelphia alone, hopeful, her husband said, of reconciling her parents to the marriage.

Mrs. Silver entered the packed hearing room yesterday in a spasm of weeping. Haggard, unmindful of the spectators, she was supported by her sorrowing husband and a family physician. Later she sat dully, her head bowed and her shoulders slumped as if in a trance. Her husband tried to comfort her by stroking her hands. Once or twice he kissed her on the forehead. She seemed not to notice.

Lawyers Wrangle
Her lawyer Thomas D. McBride asked the magistrate to set bail, permit the defendant to go home and "allow me to face her accusers for her."

The district attorney was on his

feet in an instant with an objection.

"The commonwealth wants this defendant to be able to face her accusers and not have someone else standing for her."

Dash, McBride and the magistrate settled upon a course which permitted two court-appointed psychiatrists to examine Mrs. Silver at once in chambers.

These two specialists, Dr. Vincent Lathbury and George Wilson of Philadelphia General Hospital's psychiatric staff, told the magistrate they shared the opinion of Mrs. Silver's personal physician Dr. Abraham Ornstein that she could not comprehend what was going on.

HARRISBURG (P)—Republican and Democratic legislative leaders agreed today to study a state budget analysis by the non-partisan Pennsylvania Economy League as a basis for solving the commonwealth's fiscal problems.

At a meeting with Gov. Leader, top House and Senate leaders set next Monday to study the league's figures on Pennsylvania's budget needs.

BRISTOL, Conn. (P)—When Frank J. Reynolds appeared in City Court to answer to a charge that he'd slapped a boy's face, Prosecutor Joseph M. Donovan asked that the case be dismissed.

"The boy squirted a water pistol in the defendant's face," Donovan explained.

SENATOR KERR ATTACKS IKE

WASHINGTON (P)—Sen. Kerr (D-Okla.) said today that President Eisenhower is "acting more like a candidate and less like a statesman every day."

Kerr said Eisenhower's observation Sunday in Denver that older folks are being required to retire too early indicates to him the President is thinking about running again.

Sen. Jenner (R-Ind.) said in a separate interview he gained something of the same sort of impression from the President's remarks. Eisenhower, who will be 65 Oct. 14, has given no public indication of his 1956 plans.

"Everyone is going on the assumption that he will be a candidate," Jenner said. "He'll have to run unless, of course, something happens to his health."

Kerr, who bid unsuccessfully for the 1952 Democratic presidential nomination, said the Democrats don't believe Eisenhower is as politically invulnerable as some Republicans seem to think.

"We'll beat him, or anybody else the Republicans put up, with the right kind of farm program," Kerr declared.

Fertilize Pasture And Hay In Fall To Help Plants Over Winter, County Agent Says

By FRANK S. ZETZLE
Adams County Farm Agent

Fertilizing hay and pasture fields early in the fall has several distinct advantages. First, fertilizer applied at this time of year will strengthen the root system and help the plants withstand hard winters. Secondly, fields are dry enough now so that machinery will not cut up the fields, and third, fields injured by drought will recover more quickly.

If you are in doubt about what fertilizer to apply, secure soil sample mailing boxes for a complete soil test from our office. Otherwise, topdress legume-grass fields as soon as possible with 400 lbs per acre of 0-15-30 or 0-20-20 fertilizer.

Maintain Poultry Production

Government figure and the reports from hatcherymen and feed men show that fewer pullets were started in 1955 than have been started for several years. These figures indicate there may be a shortage of laying hens some time after late summer or the fall of 1955. Perhaps poultrymen are intending to keep more yearling hens over for their second year of production during 1956 than are kept over normally.

How can these older birds be kept in production during the late summer and fall? First, be sure to keep lice and mites under control. Perhaps there is only a mild lice infestation on layers in the spring but when the weather gets hot, they reproduce rapidly, and the birds become badly infested. Lice and mites can throw birds out of production.

Hot weather is another factor that can throw birds out of production. Opening up the houses and having as much summer ventilation as possible.

ICE CUBE TEST WAS NEW THREAT IN PEACETIME

By JULIUS GOLDEN
ALBUQUERQUE (P)—A scientist said today that a "shrewd opponent" could wage an ice cube test war against this country with intercontinental projectiles made of ice.

The object of the ice missile would be to determine effectiveness of range for a more deadly missile.

Dr. Lincoln La Paz, director of the University of New Mexico's Institute of Meteoritics, the only one of its kind in the Western world, said:

"In range-testing intercontinental ballistic missiles in peacetime, a shrewd opponent for obvious reasons would seek to employ test objects leaving no tangible trace of their existence or use."

"It is for this reason that since 1948, representatives of the Institute of Meteoritics have habitually asked observers of the yellow-green fireballs and other anomalous luminous phenomenon whether or not pieces of ice or drops of water were detected falling from the sky at the time of the observed incident."

Some observers have reported drops of water.

Check With Radar

La Paz said an ice projectile could be shot from a plane at high altitude many miles away from the United States. Moving at sufficiently high speed, it would appear from the ground much like a meteor or a shooting star.

The ice projectile, melting rapidly as it shot through the atmosphere, then would be photographed or traced by radar. On a photograph, it would look like any other meteor—a long string of light. The opponent then would have a fair idea of where the real thing would hit.

And the United States would be left with a puddle of water or a small piece of melting ice as the only trace of the test projectile.

sible is one factor that can help to keep birds in production. Another thing that helps keep the birds in good physical shape during warm weather is an ample supply of drinking water. There should be ample fountains and waterers to which the birds can get easily. The main reason why birds drink so much water during hot weather is to keep their bodies cool. That is why drinking water in warm weather should be cool.

Change Affects Birds

After June 31 the days get shorter and the nights longer. Shorter days and longer nights have a tendency to throw birds out of production. You can keep your layers in production better during the late summer and fall by giving them artificial light. The lights should have been started by about August 1, and give the laying birds a total of twelve to fifteen hours daily of natural and artificial light. Lights can be started a little earlier in the morning as the days get shorter toward evening.

A uniform light period from now on will help to keep birds in production and help to delay the fall molt. Artificial lights can have considerable influence on egg production during the late summer and fall.

Don't Let Weeds Go To Seed

A sure way to have a good crop of weeds next year is to sow plenty of weed seed this fall. That's just what you are doing when you allow weeds to go to seed around your farm buildings.

Of course, some of them are perennials and will come up again next year anyway, but you can cut down on the number of many weeds by destroying the weeds right now before the seed matures and falls on the ground.

Weed problems are very important around gardens and plant-growing frames.

Cut the weeds, pile them, and burn them to kill as many of the seeds as possible. Another method of handling the weed situation, especially if the weeds are bad, is simply to move the plant-growing area away from the present location and grow plants in another spot.

Or it's possible to use one of the many types of weed killers. Cyanamide, sulfamate, dinitros, 2,4-D, and many others have been used with success. But you must use them with care, particularly if any vegetables, crops, flowers, or shrubbery are growing nearby.

If you want more information about the use of weed killers, get in touch with your county agent.

Senator Malone, Critic Of Russia, Swapped Red Toasts

By JAMES MARLOW
WASHINGTON (AP)—Sen. George Malone, a Nevada Republican, may have been a bigger puzzle to the Russians than any other member of Congress they met since the Geneva conference gave the cold war a new look.

On Sept. 1 in Moscow Malone, who only a few months ago considered Russia the world's No. 1 outlaw and wanted to break diplomatic relations with her, swapped toasts with the Russian leaders to peaceful coexistence.

Americans themselves are apt to be a little puzzled when the traveling lawmakers return home and begin giving their reactions to the Russians. The reactions probably won't be the same.

Visits Kremlin
Yesterday Malone was one of five senators who spent almost two hours in the Kremlin with the Communist bosses. He reportedly asked, and got from Premier Bulganin, permission to travel around Russia, seeing what he wanted.

Last January on the Senate floor, Malone said: "I have never known a real outlaw in my life who reformed, and I do not expect that from the world's top outlaw—Russia."

"But Russia being the outlaw she is, is all the more reason why we should break off diplomatic relations with her."

The other four senators with Malone in the Kremlin were Kefauver (D-Tenn.), Young (R-ND), Dworshak (R-Idaho) and Frear (D-Del.).

May Have Seen More
It is possible that some of the lawmakers may return from their brief look around in Russia feeling that they saw a little more, or a little deeper, than the State Department, which has representatives there the year around.

Sen. Ellender (D-La.) who visited Russia just a short time before, came away saying: "If people saw countries like the Soviet Union, Poland and others, they would see things in a different light."

"This trip was a revelation to me. It was far different from the impression I had gained from the State Department."

The State Department may be hearing from Ellender on what he thinks of Russia for some time to come.

On the whole the senators seem to have received better treatment from the Russians than members of the House who visited there. At least they haven't been complaining.

Two House members—Representatives Holt (R-Calif.) and Rhodes (R-Ariz.)—came away complaining they hadn't been allowed to see all they wanted to in Russia. And Holt said a Russian army lieutenant held a cocked pistol to his head.

3 Armed Teen-agers Held For Burglary

ROCHESTER, N. Y. (AP)—Two Mohr County, Pa., teen-agers, arrested yesterday in a car with three loaded pistols and 50 rounds of ammunition, were being held today for the grand jury on first degree robbery charges.

They were identified as Denman Tansue, 19, of East Stroudsburg, Pa., and Hyland Watson, 17, of Tannersville, Pa.

They were stopped by an off duty policeman yesterday. The policeman, William C. Mahoney, heard a police radio broadcast on his way home and spotted the youths' car.

They told police they had staged five holdups in 24 hours. Police said the victims included a hitchhiking soldier and two Rochester men. The pair told police their total loot was \$1.25 and a wrist-watch.

Two 15-year-old girls travelling with the youths were arrested at a motel in suburban Brighton and turned over the Children's Shelter.

About 400 million dollars in U.S. \$1,000 bills are in circulation.

BILL TO SPLIT SPEEDING FINES LEFT TO HOUSE

HARRISBURG (AP)—It was up to the Democratic-controlled House today to determine if receipts from truck overloading and auto speeding fines taken in by local governments should be split with the state.

The measure was advanced into position for a vote last night after proposed Republican amendments to the administration-backed bill were beaten down.

Under the bipartisan measure, the state motor license fund would receive 50 per cent of all fines imposed for overloaded trucks, speeding violations and from fees authorizing special permits for overloaded or oversized vehicles.

Democrats Opposed
Rep. Johns (R-McKean) submitted amendments that would have allocated the state's proposed share back to the local communities on the same basis as the state now pays out 18 million a year in road aid.

Democrats opposed the change and Rep. Readinger, Democratic floor leader, termed it "a fine political gesture."

An objected particularly to the fact that there is no estimate of how much money actually is collected under the three sections of the motor vehicle code affected by the bill.

"I believe we should give them (localities) more money in road aid but this is not the way to do it," Readinger said. "It would be more appropriate to specify how much we are giving rather than tie it to an uncertain and indefinite amount that might be collected."

The amendment was defeated 79-107.

\$200,977 FOR RELIEF

SCRANTON, Pa. (AP)—Red Cross state disaster headquarters says \$200,977 has been spent so far for flood relief in Pennsylvania.

Cecil Davis, disaster director for the Red Cross also said yesterday that 3,700 families have made application for Red Cross rehabilitation and that the registration would soon reach 4,000.

TO BE RELEASED BY CHINESE REDS

These are three of Americans whom Red China announced will be freed soon. Left to right: The Rev. Levi A. Lovegren, 67, of Seattle, Wash., shown in 1939; Father Frederick Gordon, of Somerset, Ohio, who was placed under house arrest in late 1953 or early 1954; Rev. Joseph E. GERMANS, REDS ARE FAR APART ON AGREEMENT

By STANLEY JOHNSON

MOSCOW (AP)—West German Chancellor Adenauer and Soviet Premier Bulganin conferred privately today as the Soviet-West German negotiations went into their "decisive day."

After the two leaders had talked an hour 45 minutes with only their top aides present, it was announced that a plenary session scheduled for this morning had been postponed until afternoon.

Western diplomatic circles generally doubted that anything concrete would result from the parley which began last Friday.

But a German spokesman commented: "Since we meet again this afternoon, there is always hope. It is always good when dis-

cussions continue."

"Certain Lift"

The Chancellor had a long talk with Bulganin and Soviet Communist party chief Nikita Khrushchev last night at a glittering banquet given by the Russians. German press spokesman Felix von Eckardt said the discussion at the party might give a "certain lift" to the conference.

Up to this morning, there was no indication any sort of agreement would result from Adenauer's visit.

"We are now just where we started," von Eckardt said yesterday. After the Kremlin reception last night the only delegation member from the Socialist opposition, Carlo Schmid, told reporters the results of the conference were "absolutely zero."

Bulganin, however, said during the banquet exchange of toasts that the delegations had "worked hard on an exchange of opinions."

"We think this will work for the good," he declared.

The Soviets had invited Adenauer to Moscow to discuss establishment of diplomatic, economic and cultural relations between their governments. The conference bogged down at the start last Friday on the issues of German reunification and German war veterans still held prisoner by the Soviets.

Bill Seeks Domestic Relations Courts

HARRISBURG (AP)—The House was asked today to agree with a Senate resolution calling for a study by the Joint State Government Commission to determine if courts of domestic relations can be set up in each judicial district of Pennsylvania.

The Senate unanimously adopted the resolution yesterday under which the commission would be asked to study the possibility of setting up the courts with jurisdiction to hear and determine all domestic relations cases.

Sen. Peelor (R-Indiana) introduced the measure stating that under the present system "no court has jurisdiction to hear and determine the cases and the parties involved are required to submit the jurisdiction to several courts."

Under the present system "no court has jurisdiction to hear and determine the cases and the parties involved are required to submit the jurisdiction to several courts."

Weather Forecast

Extended forecast for Wednesday, Sept. 14, through Sunday, Sept. 17:

Mid Atlantic States and eastern New York—Temperature will average near normal south, slightly below normal north, rising Wednesday, Thursday and Friday, cooler north Saturday or Sunday, chance of showers mostly in coastal sections and northern New York Thursday, scattered showers Saturday or Sunday, total precipitation one to five-tenths inch.

Ohio, West Virginia, western Pennsylvania and western New York—Temperature will average near to slightly below normal, warmer Wednesday and Thursday, cooler Saturday and Sunday, scattered showers Thursday and possibly in northern Ohio Wednesday, showers likely Saturday, total precipitation one to four-tenths inch.

New Treatment For Hip Joints

PHILADELPHIA (AP)—"Diced" rib cartilage—molded into a kind of cap and buried for a time in the patient's abdomen for nourishment—offers possibilities for providing a new means of rebuilding diseased or injured hip joints, the International College of Surgeons was told today.

Dr. John J. Flanagan of Orange,

Given Position In Internal Affairs

HARRISBURG (AP)—Kenneth W. Masters, Levittown, today was named director of the Bureau of Statistics of the Internal Affairs Department at a salary of \$8,352 a year.

Masters, who is a member of the faculty of the University of Pennsylvania, has been teaching a variety of courses in applied business statistics since 1946. He also has been associated with research projects in the Philadelphia area.

Also named were: Bernard H. Friedman, New Kensington, as chief of the Division of Industrial Statistics at \$5,068 a year.

Frank L. Malfara, Johnstown, as inspector in the Weights and Measures Bureau at \$3,667 a year.

N.J. gave a "preliminary" report on a surgical technique employing such cartilage, which is attached to the top of the thigh bone, straining that so far only five cases have been so treated.

But he said the earliest-treated case—operated on three years ago—"has been working regularly as a practical nurse" and has good function on her hip, without pain.

The world has 90,000 to 100,000 more human beings each 24 hours.

43,000 MEN **OUT ON STRIKE**

PITTSBURGH (AP)—A strike of 43,000 members of the CIO International Union of Electrical Workers against Westinghouse Electric Corp. went into its second day today as negotiators tried to end a deadlock.

Although hours of negotiation proved unfruitful yesterday, another session was called between James B. Carey, president of the union, and Vice President Robert D. Blaiser of Westinghouse.

Neither had any comment when they broke up a long session early today.

Meanwhile, peaceful picketing continued at the 27 plants in nine states where the CIO-IUEW has bargaining rights.

So far there has been no report that operations have been affected in some 20 Westinghouse plants having contracts with other unions.

The IUEW strike was ordered in support of 2,200 members who struck Aug. 6 at the East Pittsburgh plant. This walkout was called because the union said Westinghouse had violated the national contract in starting a time study of certain operations in an efficiency move. Westinghouse denied the charge, declaring it had a right to manage its own business.

Republic Pictures Loses TV Action

LOS ANGELES (AP)—An antitrust consent judgment has been entered against Republic Pictures Corp., under which the studio agrees to offer for licensing for television within 90 days, 80 per cent of the studio's feature films produced before Aug. 1, 1948.

This is the first crack in Hollywood studios' stand against making their films available for TV.

Under the judgment the studio also agrees to undertake with the Screen Actors Guild negotiations for making available to TV the films produced since the 1948 date.

Within two years after completion of the negotiations at least 25 per cent of Republic's feature films are to be licensed for TV three years after they have been released for national theatrical showing.

Two of the 150 volunteer firemen from 10 companies who battled the fire were overcome with smoke inhalation but later resumed their firefighting.

Shortage Of Water The firemen were hampered by lack of water. They first used water from the Towanda reservoir and when this ran out, they stretched 3,000 feet of hose to the Susquehanna River and pumped water from there.

The blaze, which burned for at least eight hours after it started, cast a heavy cloud of smoke over the northern half of the town. Towanda High School, a block from the plant, was closed ahead of schedule when the classrooms were filled with smoke.

Some 15 or 20 homes adjacent to the plant suffered smoke damage but firemen wet down the exteriors to prevent flames from spreading.

The fire was called the worst in the town since 1918 when five residences burned to the ground at the same time.

Walls, Roof Collapse The walls and roof of the building collapsed as the flames licked out of control. With the roof and sides, thousands of dollars worth of machinery, some only recently installed, went crashing into the

SHULLEY: In loving memory of our dear son and brother, Donald M. Shulley who passed away September 12, 1948.
"We do not forget you, we loved you too dearly."
For your memory to fade from our lives like a dream.
Our lips need not speak when our heart mourns sincerely
For grief often dwells where it seldom is seen."
Parents, Mr. and Mrs. Louis Shulley
Sisters, Justine Weaver and Larita Hess

43,000 MEN OUT ON STRIKE
PITTSBURGH (AP)—A strike of 43,000 members of the CIO International Union of Electrical Workers against Westinghouse Electric Corp. went into its second day today as negotiators tried to end a deadlock.

Although hours of negotiation proved unfruitful yesterday, another session was called between James B. Carey, president of the union, and Vice President Robert D. Blaiser of Westinghouse.

Neither had any comment when they broke up a long session early today.

Meanwhile, peaceful picketing continued at the 27 plants in nine states where the CIO-IUE has bargaining rights.

So far there has been no report that operations have been affected in some 30 Westinghouse plants having contracts with other unions.

The IUE strike was ordered in support of 2,200 members who struck Aug. 8 at the East Pittsburgh plant. This walkout was called because the union said Westinghouse had violated the national contract in starting a time study of certain operations in an efficiency move.

Westinghouse denied the charge, declaring it had a right to manage its own business.

Republic Pictures Loses TV Action

LOS ANGELES (AP)—An antitrust consent judgment has been entered against Republic Pictures Corp. under which the studio agrees to offer for licensing for television within 90 days, 80 per cent of the studio's feature films produced before Aug. 1, 1948.

This is the first crack in Hollywood studios' stand against making their films available for TV.

Under the judgment the studio also agrees to undertake with the Screen Actors Guild negotiations for making available to TV the films produced since the 1948 date.

Within two years after completion of the negotiations at least 25 per cent of Republic's feature films are to be licensed for TV three years after they have been released for national theatrical showing.

The company employs 240 employees, about 100 of whom were on duty when the first flames shot up from the wiring. All escaped without injury.

Two of the 150 volunteer firemen from 10 companies who battled the fire were overcome with smoke inhalation but later resumed their firefighting.

Shortage of Water
The firemen were hampered by lack of water. They first used water from the Towanda reservoir and when this ran out, they stretched 3,000 feet of hose to the Susquehanna River and pumped water from there.

The blaze, which burned for at least eight hours after it started, cast a heavy cloud of smoke over the northern half of the town. The Towanda High School, a block from the plant, was closed ahead of schedule when the classrooms were filled with smoke.

Some 15 or 20 homes adjacent to the plant suffered smoke damage but firemen wet down exteriors to prevent flames from spreading.

The fire was called the worst in the town since 1918 when five residences burned to the ground at the same time.

Walls, Roof Collapse
The walls and roof of the building collapsed as the flames licked out of control. With the roof and sides, thousands of dollars worth of machinery, some only recently installed, went crashing into the basement.

All that was left today was a pile of rubble.

Traffic on three arterial routes, 6, 309 and 220, was delayed for hours by the fire. The firemen had to lay hose, covered with wooden planks, over the route to the Susquehanna River for water.

The traffic had to pass over the hose at reduced speeds so as not to interfere with the pumping operation. State, county and auxiliary police were called in to break up the resultant traffic jam and to reroute some of the vehicles.

Fixes Pensions
"It will be returned to committee tomorrow and will stay there a while," he said.

The bipartisan proposal would fix a pension of \$3,000 a year for a senator or representative who retires with 20 years of service at the age of 50. The current maximum for lawmakers is \$1,500 a year after reaching 60 with 10 or more years service.

Other state employees must serve 25 years and reach 60 to gain top benefits.

\$6,000 Base
Benefits would be figured on a \$6,000 a year base although the salary of General Assembly members is \$3,000 for every two year session and \$6,000 in expenses for the same period.

Changes in the Senate bill would return to a lawmaker his contributions if he serves under 20 years and is not 50 at the time he leaves the Legislature. Contributions to the retirement system, beginning in December, would be considerably higher than at present.

Readinger estimated they would be 2 1/2 per cent of earnings. He said that the pension could exceed \$3,000 a year if a lawmaker chose to remain at work after 10 terms.

The governor rejected the first pension liberalization proposal because he found "objectionable features" and had a "serious doubt" as to its constitutionality.

The Senate passed the current measure 42-7 on June 14. It is sponsored by Sens. Rowland B. Mahany and John H. Dent, Republican and Democratic floor leaders.

HOLLYWOOD (AP)—Miss Universe, Sweden's Hillevi Rombin, was back in town today wearing a new piece of jewelry.

The movie boys took a startled gaze at her left hand and saw a plain gold band on her ring-finger as she got off the plane last night.

Not married, only engaged, she explained. It's just an old Swedish custom. One bond for engagement, two for marriage.

Her fiancé is Lt. Nils Benker of the Royal Swedish Air Force.

Senator Malone, Critic Of Russia, Swapped Red Toasts

By JAMES MARLOW
WASHINGTON (AP)—Sen. George Malone, a Nevada Republican, may have been a bigger puzzle to the Russians than any other member of Congress they met since the Geneva conference gave the cold war a new look.

On Sept. 1 in Moscow Malone, who only a few months ago considered Russia the world's No. 1 outlaw and wanted to break diplomatic relations with her, swapped toasts with the Russian leaders to peaceful coexistence.

Americans themselves are apt to be a little puzzled when the traveling lawmakers return home and begin giving their reactions to the Russians. The reactions probably won't be the same.

Visits Kremlin
Yesterday Malone was one of five senators who spent almost two hours in the Kremlin with the Communist bosses. He reportedly asked, and got from Premier Bulganin, permission to travel around Russia, seeing what he wanted.

Last January on the Senate floor, Malone said: "I have never known a real outlaw in my life who reformed, and I do not expect that from the world's top outlaw—Russia."

"But Russia being the outlaw she is, is all the more reason why we should break off diplomatic relations with her."

The other four senators with Malone in the Kremlin were Ke-fauver (D-Tenn.), Young (R-MD), Dvorshak (R-Idaho) and Frear (D-Del.).

May Have Seen More

It is possible that some of the lawmakers may return from their brief look around in Russia feeling that they saw a little more, or a little deeper, than the State Department, which has representatives there the year around.

Sen. Ellender (D-La.), who visited Russia just a short time before, came away saying: "If people saw countries like the Soviet Union, Poland and others, they would see things in a different light."

"This trip was a revelation to me. It was far different from the impression I had gained from the State Department."

The State Department may be hearing from Ellender on what he thinks of Russia for some time to come.

On the whole the senators seem to have received better treatment from the Russians than members of the House who visited there. At least they haven't been complaining.

Two House members—Representatives Holt (R-Calif.) and Rhodes (R-Ariz.)—came away complaining they hadn't been allowed to see all they wanted to in Russia. And Holt said a Russian army lieutenant held a cocked pistol to his head.

3 Armed Teen-agers Held For Burglary

ROCHESTER, N. Y. (AP)—Two Monroe County, Pa., teen-agers, arrested yesterday in a car with three loaded pistols and 50 rounds of ammunition, were being held today for the grand jury on first degree robbery charges.

They were identified as Denman Tansue, 19, of East Stroudsburg, Pa., and Hyland Watson, 17, of Tannersville, Pa.

They were stopped by an off duty policeman yesterday. The policeman, William C. Mahoney, heard a police radio broadcast on his way home and spotted the youths' car.

They told police they had staged five holdups in 24 hours. Police said the victims included a hitchhiking soldier and two Rochester men. The pair told police their total loot was \$125 and a wrist-watch.

Two 15-year-old girls travelling with the youths were arrested at a motel in suburban Brighton and turned over the Children's Shelter.

About 400 million dollars in U.S. \$1,000 bills are in circulation.

BILL TO SPLIT SPEEDING FINES LEFT TO HOUSE

HARRISBURG (AP)—It was up to the Democratic-controlled House today to determine if receipts from truck overloading and auto speeding fines taken in by local governments should be split with the state.

The measure was advanced into position for a vote last night after proposed Republican amendments to the administration-backed bill were beaten down.

Under the bipartisan measure, the state motor license fund would receive 50 per cent of all fines imposed for overloaded trucks, speeding violations and from fees authorizing special permits for overloaded or oversized vehicles.

Democrats Opposed
Rep. Johns (R-McKean) submitted amendments that would have allocated the state's proposed share back to the local communities on the same basis as the state now pays out 18 million a year in road aid.

Democrats opposed the change and Rep. Readinger, Democratic floor leader, termed it "a fine political gesture."

An objected particularly to the fact that there is no estimate of how much money actually is collected under the three sections of the motor vehicle code affected by the bill.

"I believe we should give them (localities) more money in road aid but this is not the way to do it," Readinger said. "It would be more appropriate to specify how much we are giving rather than tie it to an uncertain and indefinite amount that might be collected."

The amendment was defeated 79-107.

\$200,977 FOR RELIEF

SCRANTON, Pa. (AP)—Red Cross state disaster headquarters says \$280,977 has been spent so far for flood relief in Pennsylvania.

Cecil Davis, disaster director for the Red Cross also said yesterday that 3,700 families have made application for Red Cross rehabilitation and that the registration would soon reach 4,000.

GERMANS, REDS ARE FAR APART ON AGREEMENT

By STANLEY JOHNSON

MOSCOW (AP)—West German Chancellor Adenauer and Soviet Premier Bulganin conferred privately today as the Soviet-West German negotiations went into their "decisive day."

After the two leaders had talked an hour 45 minutes with only their top aides present, it was announced that a plenary session scheduled for this morning had been postponed until afternoon.

Western diplomatic circles generally doubted that anything concrete would result from the parley which began last Friday.

But a German spokesman commented: "Since we meet again this afternoon, there is always hope. It is always good when dis-

cussions continue."
"Certain Lift"
The Chancellor had a long talk with Bulganin and Soviet Communist party chief Nikita Khrushchev last night at a glittering banquet given by the Russians. German press spokesman Felix von Eckardt said the discussion at the party might give a "certain lift" to the conference.

Up to this morning, there was no indication any sort of agreement would result from Adenauer's visit.

"We are now just where we started," Von Eckardt said yesterday. After the Kremlin reception last night the only delegation member from the Socialist opposition, Carlo Schmid, told reporters the results of the conference were "absolutely zero."

Bulganin, however, said during the banquet exchange of toasts that the delegations had "worked hard on an exchange of opinions."

"We think this will work for the good," he declared.

The Soviets had invited Adenauer to Moscow to discuss establishment of diplomatic, economic and cultural relations between

Bill Seeks Domestic Relations Courts

HARRISBURG (AP)—The House was asked today to agree with a Senate resolution calling for a study by the Joint State Government Commission to determine if courts of domestic relations can be set up in each judicial district of Pennsylvania.

The Senate unanimously adopted the resolution yesterday under which the commission would be asked to study the possibility of setting up the courts with jurisdiction to hear and determine all domestic relations cases.

Sen. Peeler (R-Indiana) introduced the measure stating that under the present system "no court has jurisdiction to hear and determine the cases and the parties involved are required to submit the jurisdiction to several courts."

The conference bogged down at the start last Friday on the issues of German reunification and German war veterans still held prisoner by the Soviets.

Weather Forecast

Extended forecast for Wednesday, Sept. 14, through Sunday, Sept. 17:

Ohio, West Virginia, western Pennsylvania and western New York—Temperature will average near to slightly below normal, warmer Wednesday and Thursday, cooler Saturday and Sunday, scattered showers Thursday and possibly in northern Ohio Wednesday, showers likely Saturday, total precipitation one to four-tenths inch.

New Treatment For Hip Joints

PHILADELPHIA (AP)—"Diced" rib cartilage—molded into a kind of cap and buried for a time in the patient's abdomen for nourishment—offers possibilities for providing a new means of rebuilding diseased or injured hip joints, the International College of Surgeons was told today.

Dr. John J. Flanagan of Orange,

Given Position In Internal Affairs

HARRISBURG (AP)—Kenneth W. Masters, Levittown, today was named director of the Bureau of Statistics of the Internal Affairs Department at a salary of \$8,352 a year.

Masters, who is a member of the faculty of the University of Pennsylvania, has been teaching a variety of courses in applied business statistics since 1946. He also has been associated with research projects in the Philadelphia area.

Also named were: Bernard H. Friedman, New Kensington, as chief of the Division of Industrial Statistics at \$5,068 a year.

Frank L. Malfara, Johnsonburg, Elk County, as inspector in the Weights and Measures Bureau at \$3,667 a year.

NJ gave a "preliminary" report on a surgical technique employing such cartilage, which is attached to the top of the thigh bone, stressing that so far only five cases have been so treated.
But he said the earliest-treated case—operated on three years ago—"has been working regularly as a practical nurse" and has good function on her hip, without pain.

DEMOCRATS RAP FARM POLICIES OF REPUBLICANS

INTERNATIONAL FALLS, Minn. (AP)—Midwest Democratic leaders from nine states gathered Monday after jabbing hard during a two-day strategy session at the Eisenhower administration's handling of farm problems.

"A brazen and ruthless betrayal of America's farmers"—that's the way the Democrats described administration agricultural policies in a resolution containing other strong phrases, like "calculated deceit," "callous indifference," "flagrant neglect."

Paul Butler of Indiana, chairman of the Democratic National Committee, said the farm issue promises to be No. 1 in the 1956 presidential campaign.

Butler met with high-level Democrats from Michigan, Wisconsin, Kansas, Iowa, North Dakota, South Dakota, Nebraska, Minnesota and Montana. The Illinois organization sent no representatives.

At the conference, he disclosed national committee plans to "out-hustle" the Republicans in employment of advertising techniques next year. He said he expected former President Truman to remain on the firing line during the campaign.

Truman's popularity, he said, has "increased tremendously" since "Eisenhower has been in the White House."

He said that five million dollars will be allocated for radio and TV time in the coming campaign, and that by Oct. 1 a selection will be made from among some 20 advertising concerns to take over the party account.

He detailed other plans in the making, including formation of a half-dozen special advisory committees—each devoted to one field, such as labor and agriculture—to be staffed by full-time, paid directors. All will be functioning by Jan. 1, he said.

The conferees called in their resolution for an "effective and realistic" farm program, and predicted a "green uprising" at the ballot box that will bring Democrats into office to put it into action.

The University of Mississippi has blocked at least one punt each game against Vanderbilt since 1951.

THOMAS CHECKS NAVY FINDINGS IN LANDY CASE

NEW YORK (AP)—A special Navy board Monday pondered the question of a Naval Reserve commission for Eugene Landy, who was turned down before, despite naval honors at college, because his mother was once a Communist.

The board Saturday finished secret hearings on the case at which Landy, 21, and his attorney were present. Completion of the hearings was announced by Rear Adm. K. M. McManes, who added:

"The board is now studying the record and will submit its findings and conclusions to the secretary of the Navy during the coming week."

Closed-Door Sessions

Sessions of the three-man board were held behind closed doors and the Navy has given out no information.

The final decision will be announced by Navy Secretary Charles S. Thomas, who has said he will personally review the full record.

Landy, an honor graduate of the Merchant Marine Academy at Kings Point, N. Y., was advised on the eve of his graduation in August that he had been turned down by the Navy. Graduates of the academy are customarily given naval commissions if they are physically qualified, although the Navy is not required to do so.

Reason Cited

The Navy did not question Landy's loyalty but said its decision was based on the fact that he was "extremely close to his mother and she had been a Communist."

The mother, Mrs. Deborah Landy of Bradley Beach, N. J., confirmed that she had been a party member for 10 years but said her son persuaded her to leave it in 1947.

8 School Girls Die In Egyptian Quake

CAIRO, Egypt (AP)—An earthquake shook the Nile Delta Monday. At least 16 persons died, including eight children crushed to death in a panic at a girls' school here.

Reports trickling in from other parts of the Delta boosted the number of injured to 26. An interior ministry communiqué said everything was back to normal at mid-afternoon and that public assistance services had gone into operation.

PAY FOR MURDER

BRUSSELS, Belgium (AP)—The Soviet Union has paid 500,000 francs—\$10,000—to the Belgian widow of an airline pilot shot down by a Russian MIG fighter over Austria last year.

Soviet Consul L. G. Podgornov handed the check to Mrs. J. Clauwaets, whose husband was killed June 3, 1954, when a MIG attacked the Sabena freighter he was flying near Graz.

Clauwaets was ferrying a cargo of pigs to Yugoslavia.

SEEK EMBEZZLER

OCEAN CITY, Md. (AP)—A wanted notice has been issued by Maryland State Police for James Miller, 38, of Nashville, Tenn., accused of embezzling \$1,600 from a Scranton, Pa., owner of a tavern in Ocean City.

Police said the warrant was signed by Mrs. Florence Balut of Scranton, who left her tavern in Miller's charge while she was on a trip.

RECEIVES CITATION

NEW YORK (AP)—New York City cited Bernard M. Baruch Sunday as a "distinguished American whose dedication to the cause of world peace and freedom has gained him the gratitude and respect of all peoples." Mayor Robert F. Wagner presented the citation to the 65-year-old financier at the 15th annual observance of I Am an American Day.

NEW GENERAL MANAGER

PHILADELPHIA (AP)—The Philadelphia Daily News announced Monday the appointment of David M. Podney as general manager. Podney formerly was business manager of the Philadelphia Inquirer. He had been associated with the Inquirer for 17 years.

The average West Virginia University football player is 6 feet 1 inch tall and weighs 196.2 pounds.

BUDGET GROUP MEETS WILSON

WASHINGTON (AP)—The Army, like the Air Force and Navy before it, is sending a mission to Michigan this week to tell Secretary of Defense Wilson why it shouldn't be hit by the administration economy hatchet.

Secretary of the Army Wilber M. Brucker, former governor of Michigan, and his No. 1 military officer and Army chief of staff, Gen. Maxwell Taylor, are to arrive in Detroit Tuesday on the way home from a brief Western inspection trip.

There they will see the vacationing Wilson, and probably be joined also by Deputy Secretary of Defense Reuben B. Robertson.

Secretary of the Navy Charles Thomas and Secretary of Air Donald Douglas have held similar meetings with Wilson, as the result of service worry over persistent report that further spending cuts in the present fiscal year may be insisted upon.

INDICT HAINES FOR SLAYING OF CARLISLE MAN

CARLISLE, Pa. (AP)—Percy S. Haines today was under indictment for murder in a courtroom shooting spree which resulted in the death of a Carlisle attorney last Aug. 2.

A Cumberland County grand jury yesterday indicted the 60-year-old Newville R.D. man on a charge of murder in the slaying of John D. Faller Jr., Carlisle.

Haines will be tried before Judge W. C. Sheely, president judge of Adams and Fulton County courts, beginning Sept. 21.

Sheely was elected to handle the trial because Judge Mark Garber was wounded in the shooting and Cumberland County's other judge, Dale F. Shugart, may be called upon to testify at the trial.

It will be up to the criminal court jury to determine the degree of guilt, if Haines is found guilty.

Two Were Wounded

Faller was killed and Judge Garber, Atty. George Black of Chambersburg, and Haines' wife, Lulu, were injured during a non-support hearing for the Newville R. D. man.

Meanwhile, in Harrisburg the House was ready to act finally on a resolution prompted by the Faller shooting. The proposal calls for state police investigations of all outbreaks of violence during judicial proceedings.

Introduced by Rep. George (R-Cumberland) the measure won approval of the Rules Committee yesterday. It cites the Carlisle shooting and a similar incident in Warren County as "acts of anarchy" that "cannot be tolerated in a community of order and decent government."

In January 1954 Judge Allison D. Wade was shot to death by Norman Moon, Conneville steel worker in another non-support hearing.

Under George's plan the state police would either take or recommend steps to prevent similar incidents.

New Explosion At Whiting Refinery

WHITING, Ind. (AP)—Workers were cleaning up debris Monday at the Standard Oil Co. refinery after an explosion and fire—the second in two weeks—damaged a three-story oil filter building Saturday night.

The building is less than a mile from the scene of an explosion and fire Aug. 27 which caused an estimated 10 million dollars damage and killed two persons.

A company official said the loss from the Saturday blast would be between \$50,000 and \$100,000. Seven employees suffered minor injuries or shock, but none was hospitalized.

Several hundred firemen and workers fought the blaze for five hours before it was extinguished.

LONG ROAD FOR CHINESE

LONDON (AP)—Mao Tse-tung has changed his timetable for building up Red China's industries. The Chinese Communist chieftain is telling his people 50 years will be needed to put the nation's economy on a level with Britain or the United States.

United States.

"These things take time" is the new propaganda theme. When the Reds took over six years ago they promised a relatively quick march toward the goal of a powerful industrialized nation.
